UNIVERSITY OF DELAWARE: HPEC

Volunteer Work Verification Form

Volunteer hours can be completed in a **clinical setting** but students are strongly recommended to also engage in **public/community service**. Students must utilize the Verification Form to record volunteering and service experiences. This form **is not** for logging shadowing/patient-contact hours. This is only for recording your volunteer-related hours and activities. Please see the HPEC website for further details regarding Volunteering and Shadowing and the associated requirements.

To the student: You are expected to document the number of hours you volunteer in a facility. Please have your supervisor sign to verify your work.

Name of Student: _____

Name & Address of Facility or Organization	Number of Hours	Signature of Supervisor or Volunteer Coordinator
