

# Second Call for Application

Send your application to NUS Enterprise (Attention to Wong Peng Meng)  
21 Heng Mui Keng Terrace, I<sup>3</sup> Building, Level 5, Singapore 119613  
Closing Date: **May 9th, 2010**

## Innovation / Entrepreneurship Practicum

An award that supports student entrepreneurial initiatives focusing on innovative solutions for bottom-of-pyramid issues or developing platforms for entrepreneurship

Do you have an innovative solution that addresses bottom-of-pyramid issues?  
Or an idea that focuses on providing a platform for developing entrepreneurship?

If you are passionate about your idea and need support to make it real, do consider forming a student group and applying for funding under the **Innovation/Entrepreneurship Practicum!**

### Eligibility

NUS students and/or student groups

### What Are We Looking For?

Applicants should be interested in/passionate about entrepreneurship and innovation. In addition to either focusing on an innovation addressing bottom-of-pyramid market issues or developing a platform to promote entrepreneurship and innovation, the proposed initiative should:

- Be new (i.e. not ongoing)
- Demonstrate economic value & long-term self-sustainability
- Be a commercializable proto-type

### Terms of Award

Funding of up to S\$10,000 per multi-disciplinary student team to fund a project that either focuses on an innovation addressing bottom-of-pyramid market issues **or** develops a self-sustaining platform for promoting entrepreneurship and innovation.

### Application Process

Just download this [application form](#). Duly filled and submit it to ETP office through your Vice Dean (Research) or Faculty Representative in the FWC.
