Roots & Wings 2.0

The Roots & Wings 2.0 programme will make its first offering in Semester 1 of AY2018/2019.

Roots & Wings 2.0 is a programme comprising a series of 1-MC modules, each of which seeks to equip students with a critical soft skill (e.g., collaboration, resilience) that enhances students’ adaptiveness across various domains of life (including school). The programme revises and replaces CFG1010 (Roots and Wings: Personal and Interpersonal Effectiveness 1.0) and CFG1020 (Roots & Wings: Personal and Interpersonal Effectiveness 2.0) that were previously offered by the Centre for Future-Ready Graduates (CFG).

Root & Wings 2.0 will now be delivered by the Department of Psychology, in collaboration with CFG. For AY2018/2019, the following modules will be on offer via bidding:

- **Semester 1**
  - PLS8001 Cultivating Collaboration

- **Semester 2**
  - PLS8001 Cultivating Collaboration
  - PLS8003 Cultivating Resilience
