Dear Fellow Letterwinner,

Family, faith, commitment to excellence, servant leaders, community, relationships...these words are the embodiment of the Baylor “B” Association. When we are together as former letterwinners, there is a sense of joy and excitement in staying connected to our great university and with each other. I know many of you feel the same way. We are Baylor family!

We are so proud of the important work that has been done this past year in the “B” Association. The Dutch Schroeder Letterwinners Legacy Endowment was established with a goal to create a financially self-sustaining organization within the next five years. Our association hosted the National Letterwinners Conference with tremendous success, as more than 50 universities across the nation attended. Combined with the outstanding programs and events hosted throughout the year, these events have elevated our association to an elite status as one of the top letterwinners organizations in the country.

My primary goal as president of the “B” Association is to reach more former student-athletes and to continue developing ways to reach and support younger letterwinners as they prepare to graduate. We are currently developing a greater social media presence, with ways for letterwinners to connect through LinkedIn, Facebook and other media channels.

Greater days lie ahead for our university and the “B” Association. As letterwinners, let’s do our part to keep our association strong, support our athletics programs, coaches and the student-athletes who are the future of our association. If you have not yet paid your dues for 2018-19, please do so today. Finally, I want to encourage those who have not renewed in recent years to consider coming back into the “B” Association family. It is a great way to serve our future leaders and an ideal place to cultivate lasting relationships.

Dutch Schroeder Letterwinners Legacy Endowment

The Dutch Schroeder Letterwinners Legacy Endowment will create a stronger future for the “B” Association, equipping the organization with the means of growing its programs while ensuring the association will be able to continue its mission in perpetuity. This permanent endowment’s principle, which will be enhanced by annual reinvestments, will ultimately provide the “B” Association with the power to support Baylor’s athletic programs and student-athletes in ways currently unimaginable.

The Baylor “B” Association’s mission is to create opportunities that enhance relationships among all letterwinners and their families; to recognize and express appreciation for the efforts and contributions of Baylor letterwinners; to promote and support current athletic programs and coaches; and ultimately to maintain the respect, honor, and tradition of Baylor’s proud athletic history.

Earning my letter “B” was one of the proudest moments in my life, and that achievement becomes more meaningful to me each year that passes. The respect, honor, and unique distinction that come from having earned the letter “B” still exists today. Although my years of athletic competition are well behind me, I now enjoy reuniting with old friends and teammates at letterwiner events hosted by the “B” Association throughout the year. Our membership dues help make that possible.

As Baylor letterwiners, we are all part of that special family, and through your membership in the “B” Association we can still demonstrate our support to our alma mater, while enjoying the special memories we shared together as student-athletes. If you are a current dues-paying member of the “B” Association, thank you for helping to strengthen our special family. If you are not a member, I invite you to join today. As always, the “B” Association stands ready to serve you and welcome you home.
