Volunteer Opportunities for Sociology and Anthropology Students

LHC needs volunteers for a fun event coming up! On January 24th, we will be participating in the national Point-In-Time Count. The count is directly related to federal funding for preventing and ending homelessness. It is very important, so that our community can continue to receive funding. We need volunteers to help us count homeless individuals in Charleston. Volunteers will be put in groups, and no one will be working alone. We will only need your time for a 2 hour slot. We will also provide training beforehand. Even though the event is in January, we would like to begin training in November before people get too busy with the holiday season.

This is a great chance to gain experience if you are interested in working with the homeless population, and it is an important event for our community. Please email me at grace@lhc-sc.org if you are interested in this opportunity!
