

Read & Write 12 Install & Set-up Instructions for MacOS

Read & Write offers support with everyday tasks like reading text out loud, understanding unfamiliar words, researching assignments and proofing written work. It's designed in line with the principles of UDL (Universal Design for Learning).

Go to the [Texthelp website](#) below to download Read & Write

Click the link here to access the website: [Texthelp Read & Write Website](#)

1. From the Read & Write website, select "Try Now"

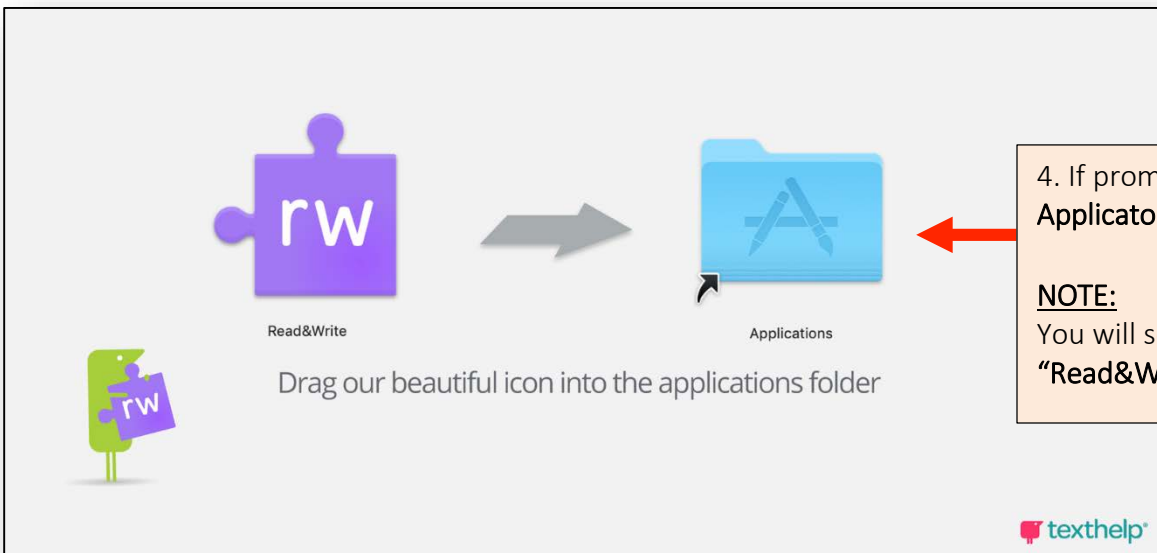

2. When prompted to "Choose your Platform", select MacOS and click Install (see screenshot).

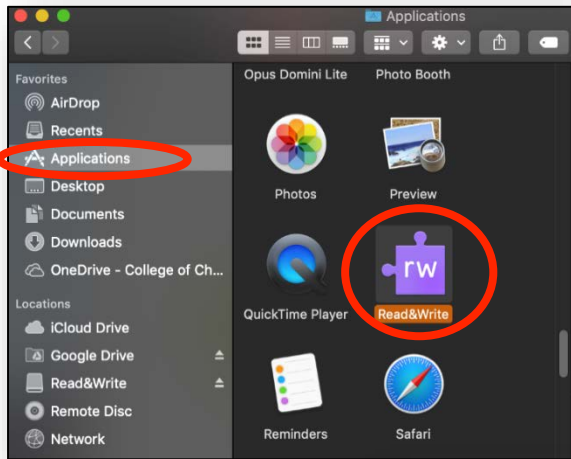

3. Once the **read&write.dmg** file has downloaded, select the file (*see screenshot*).

4. If prompted, drag the **Read&Write** icon to the **Applications** folder

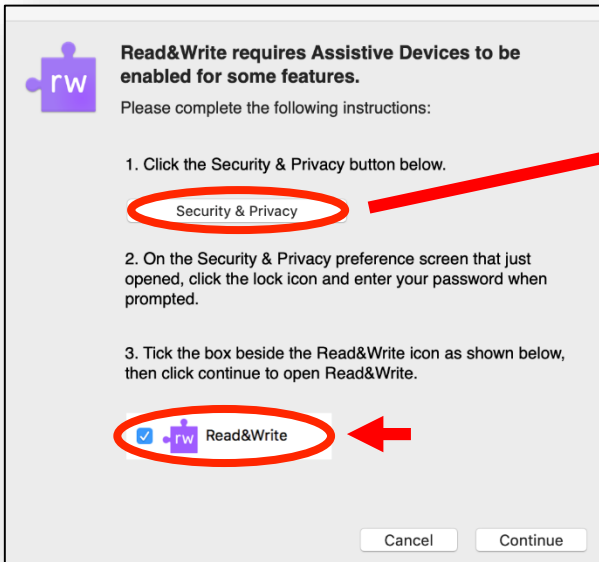

NOTE:
You will see a pop-up window reading **Copying "Read&Write" to Application"**

5. Go to the **Applications** folder and select the **Read&Write** software application (you can locate the Applications folder by clicking the Finder icon and select Applications).

NOTE:
Be sure to select **Open** from the pop-up window displaying “Read&Write” is an app downloaded from the internet. Are you sure you want to open it?

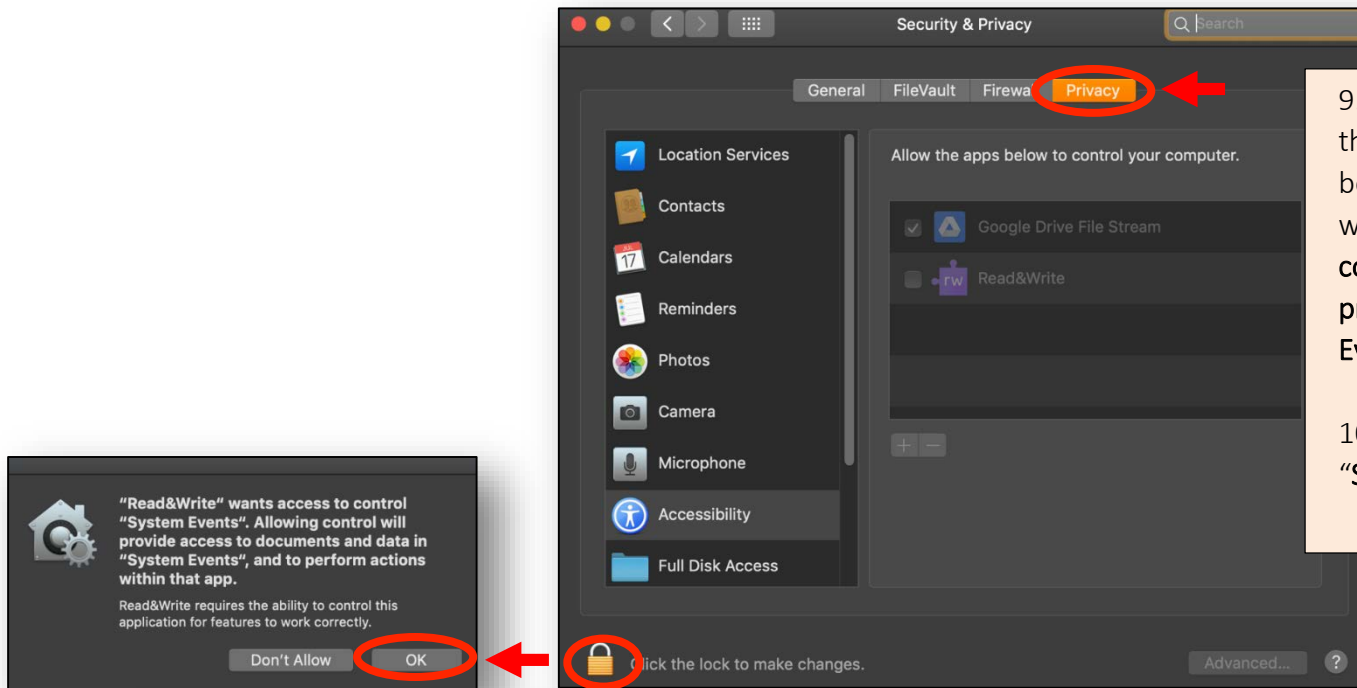

6. On the **Read&Write Security & Privacy** pop-up window, select the **Security & Privacy** button.

7. When prompted, enter computer credentials and click **Unlock**.

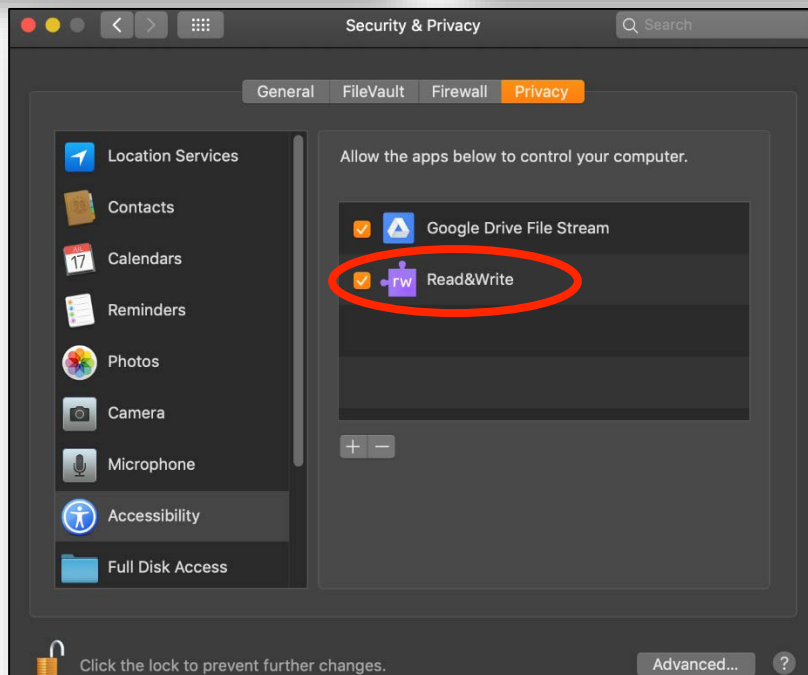

NOTE:
Read step 2 followed by step 3.

8. Click the **Read&Write** icon on the **Security & Privacy** pop-up window to access the control “System Events”

9. In the **Security & Privacy** pop-up window, click the **Privacy** link followed by the **Lock** icon at the bottom of the pop-up window to access the window displaying "**Read&Write**" wants access to control "**System Events**". Allowing control will provide access to documents and data in "**System Events**", and to perform actions within that app.

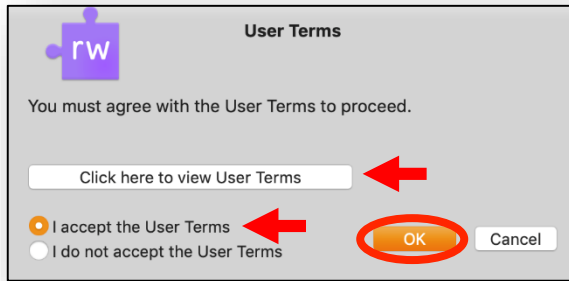

10. click **OK** to allow **Read&Write** to access "**System Events**" (see screenshot).

11. If it has not been selected, click the **Read&Write** application (this will "Allow the apps to control your computer")

NOTE:

You will notice that the Lock icon at the bottom of the **Security & Privacy** pop-up window has been unlocked.

12. In the **User Terms** pop-up window, you can view the terms by selecting the “**Click here to view User Terms**” link. Once you have read the **User Terms** agreement, click I accept the User Terms.

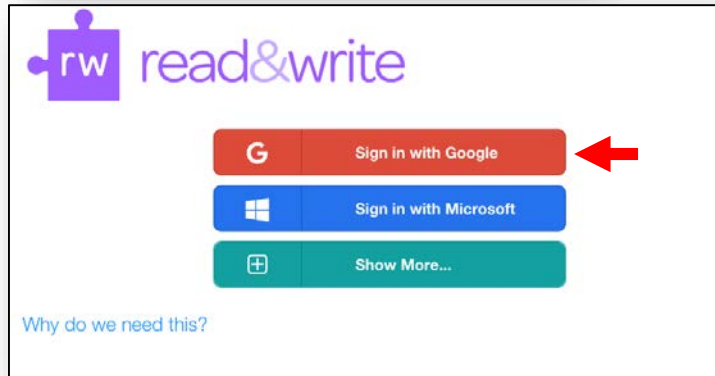

13. Click **OK**

14. When **Read & Write** asks you to sign-in, please choose to **Sign in with Google**.

NOTE:

Faculty/Staff sign in with yourusername@cofc.edu using your CofC password

Students sign, in with yoursuername@g.cofc.edu using your CofC password

Choose Show text on toolbar to more easily identify the tools you will want to use

Read & Write also has helpful videos on using the different tools
