DR. GRANT GILMORE - GILMORERG@COFC.EDU

In addition to these course offerings, several First-Year Seminars focused on the region will be offered. How many courses have you already completed toward the Southern Studies minor? Find out by doing a What-If Audit. Special Topics and First-Year Seminar courses can also count if they have relevant content, but these will not show up in a What-If Audit. Please contact the Program Director, Dr. Grant Gilmore, to determine if any of your past coursework has relevant content, so we can apply the proper credit to your individual program of study.
