MUSB College of Medicine Student Chapter of Association of Women Surgeons cordially invites you to:

14th Annual Carolyn Reed Surgical Education Conference

Saturday, February 29, 2020
8:00 am - 4:00 pm
Medical University of South Carolina
Drug Discovery Building, Room 110
70 President Street
Charleston, SC 29425

“Mentorship, Leadership, and Lifestyle.”

We are very excited to have speakers from various MUSC surgical departments who will discuss topics such as:

- The basics of their surgical discipline (work hours, on-call time, vacation time)
- Experiences with mentors and leadership that lead them to their current career
- A day in the life of a surgeon
- Balancing a surgical career and a family
- Student preparation for a career in surgery
- What they like and dislike about their field

This is a great opportunity to meet surgeons of different disciplines. In addition, a student panel from MUSC will be giving a brief talk regarding the application process for medical school. We will also have hands on activities including suturing, ultrasonography, and intubation workshops.

The fee this year is $20, paid directly to the College of Medicine’s Dean’s Office via the online registration site linked below.

https://medicine.musc.edu/education/medical-students/student-affairs/AWS-Conference-Registration

This fee will help cover the cost of breakfast, lunch, and afternoon simulation center activities.

*If you would rather pay via cash or check, it can be to be mailed in directly to:
