

OAKS Boot Camp

HOSTED BY TEACHING, LEARNING AND TECHNOLOGY

This OAKS Boot Camp provides an opportunity for faculty to learn and effectively integrate OAKS into their courses.

Tuesday, December 14th 2010

8:00 AM **Light Breakfast**

8:30 AM **Welcome**
Monica Harvey, Interim Director

9:15 AM **Faculty Showcase**

10:00 AM **Gradebook**
Seth Anderson, Instructional Technologist
Use the Grades tool to check your grades on assignments and tests. Your students can see their individual grades and comments, as well as class averages and feedback. Students can also view their final grade.

Quiz

Zach Hartje, Instructional Technologist
Within this session you will learn how to use the Question Library to build an archive of questions that can be reused and shared across many quizzes. You will learn how to create sections and questions within the Question Library. You'll also learn how to create quizzes, set restrictions on a quiz, add questions and set up reports and submission views.

Content

Mendi Benigni, Instructional Technologist
This session will give you an overview of how to add files, links, multimedia files to your OAKS courses to share with your students. This session will focus on the vocabulary used in the tool, how to upload files from your computer as well as how to add links to content on the web.

12:00 PM **Break**

1:00 PM **Content**
Mendi Benigni, Instructional Technologist
This session will give you an overview of how to add files, links, multimedia files to your OAKS courses to share with your students. This session will focus on the vocabulary used in the tool, how to upload files from your computer as well as how to add links to content on the web.

Dropbox

Steven Infinger, Instructional Technologist
The Dropbox tool allows you to set up folders so that your students can submit assignments electronically. This eliminates the need to collect assignments and helps you track when the assignments were submitted.

12:00 PM

Break

1:00 PM

Lab Time

Laura Plotts, Instructional Technologist

During lab time you have the opportunity to import content from WebCT, import quiz questions using Respondus, or just focus on creating activities in the variety of tools within OAKS. Instructional technologists will be available during the lab time to help you with any questions that you may have.

Gradebook

Seth Anderson, Instructional Technologist

Use the Grades tool to check your grades on assignments and tests. Your students can see their individual grades and comments, as well as class averages and feedback. Students can also view their final grade.
