Help Girlology Improve Women’s Health Education & Get PAID!

Interested? Here’s what you’ll want to know...

WHY US? We’re female doctors on a mission to help millions of young women Fear Less & Know More by improving women’s health education.

WHY YOU? We are recruiting a select group of sharp, outspoken and charismatic women between the ages of 18-24 to join Girlology’s nationally recognized doctors on a film set.

WHAT’S MY ROLE? We’ll give you some questions to ask on camera and let you ask your own… questions representing real concerns that we as doctors get from lots of women.

i.e. Are organic tampons safer? How do I reduce my risk of toxic shock syndrome?

WHAT’S OUR GOAL? Eliminate misinformation and alleviate concerns many young women have about menstruation, period products, and reproductive health.

“I’M IN, WHAT’S NEXT?” Great. A few details and next steps:

1. **Mark your calendar!** We will be filming on **March 7th** @ a location TBD near or around the CofC campus.
2. **Email Dr. Trish Hutchison now** to confirm your availability and interest in participation: trish@girlology.com
3. **Once confirmed, we’ll schedule you** for a specific 30-minute time slot, email you more details, and pay you $25.00 after your spot.

Thanks for your interest in improving women’s health!

*Hope to hear from you!*

Trish Hutchison, MD & Melisa Holmes, MD
