The Testing Effect Explained to Students

I came across a short video that explains in rudimentary terms what the testing effect is. It may be helpful in starting the conversation with students if you haven't already and want to give them a tip heading into finals.

Workshop Information

I now have a webpage with [a list of the workshops I've led](#) and hyperlinks allowing you to download the PowerPoints or handouts I have used. Feel free to download and use as you wish or contact me for clarification and/or personal tutorials.

[Ponticuli - Episode 10 – Dr. Charissa Owens and Diversity Training for Faculty](#)

Departmental chairs and program directors, I recently met with Dr. Charissa Owens, Director of Diversity Education & Training in the Office of Institutional Diversity, and we talked music, culture, Charleston, ancient self-care practices, living on Florida's gulf coast. Please listen to this podcast and then invite Dr. Owens to lead a workshop for your colleagues. She wants to collaborate with you to cultivate a greater sense of self-identity and improved cultural awareness among the faculty.
