

New York Library Visit

At the moment here I am exploring one of the halls of the New York Public Library. I am trying to find one of the books that I really want. That Day we had a lot of fun. this day me my Father and my mom we went first to the Times Square and we went to the Disney store. After that we went to the Public Library that is on the picture. After that we made it to the Flat Iron building. there I got two sets of Lego and after that we went to the restaurant and to the Bubble tea cafe. I didn't know that but we were so close to the math museum that we went into with our class field trip. This day was really good and fun.
