

ELK GROVE UNIFIED SCHOOL DISTRICT (EGUSD)

Education Code 39831.3 requires the County Superintendent of Schools, the Superintendent of a School District, or the owner or operator of a private school that provides transportation to or from a school or school activity to develop a “transportation safety plan” for school personnel to follow to ensure the safe transport of pupils. This plan is current as required. A copy of this plan is available by each school subject to the plan, and made available upon request to an officer of the California Highway Patrol. Our Transportation Plan is as follows:

1. Determining if pupils require escort across the roadway.

School Bus Drivers shall escort all students who must cross the street on which the bus is stopped for the purpose of loading and unloading students where a traffic officer or official traffic signal does not control traffic. School bus drivers shall determine daily, at each bus stop, who requires an escort. The driver will verbally question all bus riders, at each bus stop daily, who crosses the street at the specific bus stop.

2. Procedures for all pupils in pre-kindergarten, kindergarten, and grades 1-8 inclusive, to follow as they board and exit the appropriate school bus at each pupil’s bus stop.

School bus drivers will monitor pupils as they exit and board at each school bus stop and trip destination to ensure the pupil is boarding the appropriate school bus and exiting at the appropriate bus stop.

3. Boarding and exiting a school bus at a school or other trip destination.

The school bus driver along with assigned school site staff will monitor pupils exiting the school bus before school and will monitor pupils boarding the school bus after school to ensure an orderly and safe process. School bus drivers will have the same responsibility on activity trips.

4. Procedures to ensure that a pupil is not left unattended on a school bus, school pupil activity bus, or youth bus

The school bus driver shall inspect each bus at the completion of their route to ensure no child is left unattended. All school buses shall be equipped with a child safety alert system meeting the requirements of 13 CCR 1294

5. Procedures and Standards for designating an adult chaperone, other than the driver, to accompany pupils on a school pupil activity bus.

Each school activity trip utilizing a school pupil activity bus shall have an authorized school official designated to chaperone pupils. Chaperones shall assist with student accountability, behavior, health and safety, and the safe loading and unloading of pupils.

These procedures are included in the **Transportation School Bus Safety and Bus Rules**, which is provided to all students when they sign up for bus service and available at <http://blogs.egusd.net/transportation/rules/>.*
