The Leading Youth for Tomorrow’s Educators (LYFTE) Pathway at Elk Grove High School is designed for students with a passion for making a difference in the lives of others. Students will explore careers in education, visit college campuses, serve in elementary and middle schools, develop leadership skills and prepare for both college and career. The Education Pathway also provides support and opportunities for students, including membership in the Future Educators of America. Students completing the Careers in Education Pathway are well on their way to rewarding careers in education.

### SAMPLE CAREER-THEMED COURSES

The sample program of study outlined below lists academy-specific courses and does not include the full list of graduation requirements in writing, math, VAPA, WL, etc. These courses are subject to change based upon industry trends.

**Career-Themed Course(s)**

<table>
<thead>
<tr>
<th>Grade</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>10th Grade</td>
<td>Psychology I/II</td>
<td>This course provides students with a better understanding of human behavior. Students learn how their actions relate to the behavior of others. The following units will be covered: Introduction to Psychology, learning principles and applications, memory and thought, adolescence and adulthood and personality theories. In addition to obtaining useful insights into specific topics related to the field of psychology, students will further develop the necessary research and writing skills for success at the university level.</td>
</tr>
<tr>
<td>11th Grade</td>
<td>Principles of Development and Psychology for Children</td>
<td>This course is a study of the principles of many types of development of children from conception through adolescence. It explores the ways in which children grow and change in order to become responsible adults. Major topics: Major theories of development, prenatal development, childbirth options, the newborn, how language and intelligence develop, how relationships are formed, impact of culture on growing children, children with special needs, the family environment and careers relating to children.</td>
</tr>
<tr>
<td>12th Grade</td>
<td>Careers in Education</td>
<td>This course is a pathway capstone course that will introduce students to a variety of careers in education. The course will consist of instructional activities and field work on topics such as positive interaction, guidance, discipline and developmentally-appropriate activities and professionalism in a school setting.</td>
</tr>
