THINGS TO DO!

MATH

Every day except Friday, you will receive a math assignment. You need to answer the questions and post your thinking on Seesaw.

READING

Three times per week, you will receive instruction on a Reading strategy and activity. You will need to post your response on Seesaw.

You will read independently for 30-40 minutes every day (Monday to Friday) using the strategies you have learned that week.

WRITING

Three times per week, you will receive instructions on what to do for Writing through an activity on Seesaw. Writers need to write each day, so the days you do not need to post, you can either continue your writing, write an additional piece, or do free choice (fictional story, personal narrative, non-fiction, poetry)

All assignments will be found in Seesaw activities.

	Monday	Tuesday	Wednesday	Thursday	Friday
Math	-Respond to a math assignment and post it on Seesaw.	-Respond to a math assignment and post it on Seesaw.	-Respond to a math assignment and post it on Seesaw.	-Respond to a math assignment and post it on Seesaw.	Finish any assignments, Khan Academy, IXL, fact practice, no Seesaw post today
