

# What is Humanist?

## Free Education

Humanist think education in school should be choose by students their own, but not make any one to learn somethings for their future.

## Respect Every one

Humanist think every one should be respect, no one should force them to do some things.

## Against Religion

Humanist think Religion is unified no one do any things different is unfair to people, people should be different

## Individualism

Humanist think people should be individual on who they are, people should not be believers on a religion be cause their parent are in that religion.

## Personal goods

Humanist are people who more ethical their personal live and goods
