**Note from the Advisors**

Happy November!

It’s hard to believe we are over halfway through the semester and Thanksgiving break is fast approaching! Registration for Spring 2020 is ongoing, so be sure to sign up for an appointment with an advisor if you’d like to meet with one of us (advising is optional unless you have a hold in your Student Center requiring advising).

You can schedule an advising appointment via the Student Appointment Scheduler (SAS) in One.IU with any of the four advisors:

Zachary Vaughn (zbvaughn)
Jane Pilgrim (jpilgrim)
Gabriella Graziano (gmgrazia)
Libby Tilghman (etilghma)

If you have an advising question that can be answered via email, please send us a message at bioadv.iu.edu. For technical registration issues, consult directly with Student Central: seu@indiana.edu or call 812-855-6500.

We look forward to meeting with you, and have a great November!

Your advisors,
Libby, Gabby, Jane, and Zach

**Campus Events**

- **Health Professions & Prelaw Center**
  - Wellness Workshop
    - As a possible future caregiver, taking care of yourself is a skill you need to develop. In this workshop, Jennifer Yeoward from CAPS of the IU Health Center will offer information, resources, and tools to reduce your level of stress and anxiety that you carry forward into your graduate education and career.
    - Monday 11/11, 5:30pm, IMU Walnut Room
  - Learn about more HPPLC events at https://hpplc.indiana.edu/events-workshops/index.html

- **Walter Center for Career Achievement**
  - PhDs in Industry Panel
    - At this event, you’ll hear from recruiters who actively hire PhDs into a variety of industry-facing roles and PhDs who have successfully transitioned to careers in industry.
    - Friday, 11/1 12pm-1pm, Ernie Pyle Hall 252
  - Get Connected: IU Global Gateways + Career Success Stories in the Global Market
    - Do you want to work in another country? Come to this International Education Week event and discover tools for finding a job in the global market.
    - Friday 11/8, 9am-12:30pm, Woodburn Hall 120
  - Learn about more Walter Center Events at https://careers.college.indiana.edu/events/

---

**Featured Classes - Spring 2020**

- **BIOL-L 402 – “Ecosystems and Global Change”**  
  Investigate how ecosystems function and how and why ecosystems differ in their disturbance, sensitivity to stress, and global change.

- **BIOT-T 415 – “Theory and Application of Biotechnology Lab 1”**  
  Learn about advanced biotechnology laboratory techniques, from the expression and purification of viral capsid protein to mammalian cell culture, virus amplification, and quantification.

---

**Department of Biology Town Hall**

We want to hear from you! Come share your thoughts and feedback with the Director of Undergraduate Studies on how we can improve the undergraduate curriculum.

- Tuesday, November 5th from 7-8pm in MY 130
- Baked! Cookies and hot chocolate will be provided
- Email biougrad@indiana.edu with questions

---

**Important Dates**

- November 24th – December 1st: Thanksgiving Break
