## College Visitation Verification

State Law now in place permits a student, classified as a junior or senior, to be excused from attending school to visit an institution of higher education accredited by a generally recognized accrediting organization for the purpose of determining the student's interest in attending the institution of higher education. The student may not be excused for more than a total of two (2) days each year for this purpose.

The law requires a verification of the student's visitation to the institution of higher education. This form must be completed, signed and dated by an appropriate official from the institution of higher education visited by the student. The completed form must be submitted to the student's high school upon return to classes following the visit. Incomplete forms, including the dates of the visitation or the signature of the school official will result in the student being unexcused for the days of the visitation.
