

As of 10/31/2017	Employer	Employment Type	Jobs on Hand/Total	Job Title	Major Areas	Job Type	Work Authorization	Salary	Rate
	Agilent Technologies - Santa Clara	Full Time, Part Time		Science & Engineering students must apply Laboratory Intern, PhD Scientist, Field Service Engineer, Electrical Engineer, Inside Sales, and many more jobs!	Science & Engineering students must apply/Laboratory Intern, PhD Scientist, Field Service Engineer, Electrical Engineer, Inside Sales, and many more jobs!	Job, Internship, Cooperative Education	US work authorization is required, but the employer is accepting OPT/DFPT candidates	Fair Sponsor	approved
	Andig Devices	Full Time, Part Time	<a href="http://www.andig.com/in/about-us/addresses.html">http://www.andig.com/in/about-us/addresses.html</a>		Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Chemical Engineering, Computer Engineering, Dual/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job, Internship	US work authorization is required	Corporate	approved
	Arma Group USA	Full Time		Environmental Geologist, Environmental Engineer, Environmental Scientist	Speech Pathology, Public Health, Physical/Occupational Therapy, Pharmacy, Environmental Science, Nursing Theory, Health/Health Administration, Health/Business Science, Dentistry, Communication Disorders Science & Services, Allied Health Therapy	Job, Internship	US work authorization is required	Corporate	approved
	Applied Materials	Full Time		Multiple Full-Time and Internship Positions	Aerospace Engineering, Biology, Biomedical Engineering, Chemical Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Chemical Engineering, Computer Engineering, Computer Science, Computation Engineering, Computer Programming, Computer Science, Computation Engineering, Cyber Security, Data Mining, Systems, Electrical Engineering, Electronics, General Engineering, Chemical Engineering, Materials Science & Engineering, Industrial Engineering, Information Systems Management, Library Science, Marine Biology, Materials Science & Engineering, Mathematics, Mechanical Engineering, Mechatronics, Network Engineering, Physics, Physiological Science, Software Design, Statistics, User Experience/Social Computing, Jewelry	Job, Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
	B&E Systems Inc	Full Time, Part Time			Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Chemical Engineering, General Engineering, Computational Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job, Internship, Cooperative Education	US work authorization is required	Corporate	approved
	Balfour Beatty Infrastructure, Inc. (bbi.com)	Full Time		Project Engineer - Traction Power, OCS Engineer, Office Field Engineer, Safety Intern	Dual/Environmental Engineering, Construction Engineering	Job, Internship	US work authorization is required	Corporate	approved
	Barco Networks, Inc.	Full Time		Evolution Engineer, Software Engineer	Computer Engineering, User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming	Job	US work authorization is required	Waiting List	approved
	Blackhawk Network	Full Time		Software Engineer	Computer Programming, Computer Science, Cyber Security, Data Mining, Information Systems Management, Software Design, User Experience/Social Computing	Job, Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
	Central Coast Ceres Sanitary District	Full Time		Engineering Corps and Environmental Laboratory Corp	Biology, Chemical Engineering, Chemistry, Dual/Environmental Engineering, Mechanical Engineering, Microbiology	Internship, Cooperative Education	US work authorization is required	Government	approved
	Class	Full Time, Part Time		Please visit our career page to view our opportunities at <a href="http://www.class.com/join-us">http://www.class.com/join-us</a> (new class.com/join-us)	Aerospace Engineering, Biomedical Engineering, Chemical Engineering, Dual/Environmental Engineering, Computer Engineering, Computer Programming, Computer Science, Computational Engineering, Cyber Security, Data Mining, Electrical Engineering, General Engineering, Industrial Engineering, Information Systems Management, Library Science, Materials Science & Engineering, Mechanical Engineering, Network Engineering, Software Design, User Experience/Social Computing	Job, Internship, Cooperative Education	US work authorization is required	Fair Sponsor	approved
	Class Nowell	Full Time	<a href="http://www.classnowell.com">http://www.classnowell.com</a>		Information Systems Management, Computer Engineering, Software Design, Cyber Security, Network Engineering, General Engineering, Electrical Engineering	Job, Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
	Cleco - Technology	Full Time		Software Engineer, Sales, Consulting, Sales Engineer, Finance, Tech Support	User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Dual/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job, Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
	Clover Networks, Inc.	Full Time			User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Computational Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job Type	US work authorization is required	Corporate	approved
	Coveo Network LLP	Full Time		Customer Support Consultant (Full-time and Internships available)	Computer Engineering, Computer Programming, Computer Science, Cyber Security, Data Mining, Information Systems Management, Library Science, Network Engineering, Software Design, User Experience/Social Computing	Job, Internship	US work authorization is required	Corporate	approved
	Cypress Semiconductor	Full Time		Design Engineer, Systems Engineer, Test Engineer, Product Engineer	User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Dual/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Cooperative Education, Internship, Job	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
	Dell, Inc.	Full Time			Computer Engineering, Computer Programming, Computer Science, Cyber Security, Data Mining, Information Systems Management, Library Science, Software Design, User Experience/Social Computing	Internship, Job	US work authorization is required	Corporate	approved
	Dico	Full Time		Senior QA Administrator, Software Engineer, Senior Software Engineer, Software Engineer Intern, Security Engineer	Computer Engineering, Computer Programming, Computer Science, Cyber Security, Data Mining, Information Systems Management, Library Science, Software Design, User Experience/Social Computing	Internship	US work authorization is required, but the employer is accepting OPT/DFPT candidates	Corporate	approved
	Elby	Part Time		Student Engineer, Frontend Engineer, Quality Engineer, Mobile Product Management, Fab/Back	Aerospace Engineering, Biomedical Engineering, Chemical Engineering, Chemistry, Dual/Environmental Engineering, Computer Engineering, Computer Programming, Computer Science, Computational Engineering, Cyber Security, Data Mining, Electrical Engineering, General Engineering, Industrial Engineering, Information Systems Management, Library Science, Materials Science & Engineering, Mechanical Engineering, Mechatronics, Network Engineering, Physics, Software Design, Statistics, User Experience/Social Computing	Internship	US work authorization is required, but the employer is accepting OPT/DFPT candidates	Corporate	approved
	General Dynamics Mission Systems	Full Time			Electrical Engineering, Computer Engineering, User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Programming	Job, Internship	US work authorization is required	Corporate	approved
	General Electric - GE Digital	Full Time		Software Engineer, Specialist, Digital Technology Intern	Mathematics, User Experience/Social Computing, Software Design, Cyber Security, Computer Science, Computer Programming, Computer Engineering	Job	US work authorization is required	Corporate	approved
	Heintz Packard Enterprise	Full Time, Part Time			Computer Engineering, Computer Science, Electrical Engineering, General Engineering	Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
	Informatica	Full Time		Summer Interns	User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Dual/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Internship	US work authorization is required, but the employer is accepting OPT/DFPT candidates	Corporate	approved
	Insightly	Full Time	<a href="http://www.insightly.com/about-us/join-us/">http://www.insightly.com/about-us/join-us/</a>		User Experience/Social Computing, Software Design, Library Science, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Computer Engineering	Job	US work authorization is required	Fair Sponsor	approved

As of 10/31/2017	Please feel free to make a copy if needed. Also, check back for updates and employers and available positions.							
Employer	Employment Type	Jobs on Handicap	Job Title	Basic Degree	Job Type	Work Authorization	Salary	Status
Jacobs Hughes	Full Time, Part Time		Public/Private Risk Assessment Engineer, Senior Fire Protection Engineer, Project Manager	Aerospace Engineering, Biomedical Engineering, Chemical Engineering, Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, General Engineering, Industrial Engineering, Information Systems Management, Materials Science & Engineering, Mechanical Engineering, Network Engineering	Internship	US work authorization is required	Corporate	approved
KLA-Tencor	Part Time		<a href="https://www.kla-tencor.com/careers/usa-college-connectors.html">https://www.kla-tencor.com/careers/usa-college-connectors.html</a>	User Experience/Social Computing, Software Design, Library Sciences, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Civil/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
Kath's Corporation	Full Time		Digital Software Engineer Intern, Project Management Intern	User Experience/Social Computing, Software Design, Library Sciences, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Computer Engineering	Internship	US work authorization is required	Corporate	approved
KPMV Structural Engineers, Inc.	Full Time		Staff Engineer/Project Engineer	Civil/Environmental Engineering	Job	US work authorization is required	Corporate	approved
Level 10 Construction	Full Time, Part Time		<a href="http://www.level10construction.com/careers.php">http://www.level10construction.com/careers.php</a>	Construction Engineering, Civil/Environmental Engineering	Job, Internship, Cooperative Education	US work authorization is required	Fair Sponsor	approved
NetApp	Full Time, Part Time		Please visit our career page at <a href="http://www.netapp.com">http://www.netapp.com</a>	User Experience/Social Computing, Software Design, Library Sciences, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Civil/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Internship, Job	US work authorization is required	Corporate	approved
NOVO Construction, Inc.	Full Time		Project Engineer, Project Engineer Intern	Construction Engineering, Civil/Environmental Engineering	Cooperative Education, Job	US work authorization is required	Corporate	approved
NTK Construction, Inc.	Full Time, Part Time					US work authorization is required	Corporate	approved
ON Semiconductor	Full Time, Part Time		<a href="http://www.onsemi.com/powerSolutions/content.do?cid=1081">http://www.onsemi.com/powerSolutions/content.do?cid=1081</a>	Construction Engineering, Civil/Environmental Engineering, Electrical Engineering	Job, Internship, Cooperative Education	US work authorization is required, but employer is willing to sponsor candidates	Corporate	approved
Oracle	Full Time		Operations Program Manager, Product Engineer, Test Engineer	Computer Engineering, Computer Science, General Engineering, Industrial Engineering, Information Systems Management, Materials Science & Engineering	Job	US work authorization is required	Corporate	approved
Pagel	Full Time			User Experience/Social Computing, Software Design, Library Sciences, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming	Internship	US work authorization is required, but employer is accepting OPT/CPT candidates	Corporate	approved
Profound	Part Time		Please visit our website for our part-time internship opportunities at <a href="https://www.profound.com/">https://www.profound.com/</a>	Computer Programming, Computer Science, Cyber Security, Data Mining, Information Systems Management, Library Sciences, Software Design, User Experience/Social Computing	Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
Sasika	Full Time, Part Time		<a href="http://www.sasika.com/career/">http://www.sasika.com/career/</a>		Job, Internship	US work authorization is required, but the employer is accepting OPT/CPT candidates	Corporate	approved
Schwager Davis, Inc.	Full Time		<a href="http://www.schwagerdavis.com/">http://www.schwagerdavis.com/</a>	Mechanical Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Civil/Environmental Engineering	Job, Internship	US work authorization is required	Corporate	approved
Skyworks Solutions, Inc.	Full Time, Part Time		Design Engineer, Test Engineer, Intern, Co-Op	Electrical Engineering, Industrial Engineering, Materials Science & Engineering, Network Engineering	Job, Internship, Cooperative Education	US work authorization is required, but the employer is accepting OPT/CPT candidates	Corporate	approved
Space and Naval Warfare (SPAWAR) Systems Center Pacific (SPAWAR PAC)	Full Time		<a href="http://www.spawar.navy.mil/">http://www.spawar.navy.mil/</a>	Engineering/Computer Science, Electrical Engineering, Computer Science (BS), Computer Science	Job	US work authorization is required	Government	approved
Tata Consultancy Services	Full Time		Initial Learning Program - Software Engineer	User Experience/Social Computing, Software Design, Information Systems Management, Data Mining, Cyber Security, Computer Programming, Computer Science, Computer Engineering	Job	US work authorization is required	Corporate	approved
United Airlines	Full Time		<a href="https://careers.united.com/available-positions.aspx?area=aircraft-operations&amp;area=aircraft-operations">https://careers.united.com/available-positions.aspx?area=aircraft-operations&amp;area=aircraft-operations</a>	Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Civil/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job, Internship	US work authorization is required	Corporate	approved
United States Naval Officer Program	Full Time		Aviation Officer Candidate School Program	Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Civil/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Job	US work authorization is required	Government	approved
Valdet Inc.	Full Time		<a href="http://www.valdet.com/careers/">http://www.valdet.com/careers/</a>	Statistics, Physics, Mathematics, Chemistry, User Experience/Social Computing, Software Design, Library Sciences, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Mechanical Engineering, Materials Science & Engineering, Industrial Engineering, General Engineering, Electrical Engineering, Construction Engineering, Computer Engineering, Civil/Environmental Engineering, Chemical Engineering, Biomedical Engineering, Aerospace Engineering	Internship	US work authorization is required	Fair Sponsor	approved
Workday	Full Time			User Experience/Social Computing, Software Design, Information Systems Management, Data Mining, Cyber Security, Computer Science, Computer Programming, Network Engineering, Computer Engineering	Internship	US work authorization is required	Corporate	approved
Zillow Group	Full Time		Please visit our career page at <a href="https://www.zillow.com/jobs/openings/?p=Overview">https://www.zillow.com/jobs/openings/?p=Overview</a>	Aerospace Engineering, Biomedical Engineering, Chemical Engineering, Civil/Environmental Engineering, Construction Engineering, Computer Programming, Computer Science, Construction Engineering, Cyber Security, Data Mining, Electrical Engineering, General Engineering, Industrial Engineering, Information Systems Management, Library Sciences, Materials Science & Engineering, Mechanical Engineering, Network Engineering, Software Design, User Experience/Social Computing	Internship	US work authorization is required, but the employer is willing to sponsor candidates	Corporate	approved
