

Into the Wild: BUCKET LIST - TOP TEN Portfolio Assignment

If you could do any 10 things before you die, what would they be? *Do you want to climb Mt. Everest? Make a million dollars? Visit the Sahara Desert? Cure cancer?*

Please be specific and explain why you would do these ten things in particular. Try to put them in order with number one being the thing that you feel most strongly about. Respond to this in the form of a list (with a brief explanation for each) and a visual representation.

Each entry should begin with a verb. The explanation should be written in complete sentences.

EXAMPLE: 1. Visit all fifty states

Graceland in Tennessee, the Grand Canyon in Arizona, the Badlands in South Dakota... There is so much to see in the United States, and I want to see it all. Granted, some states are high on my list, like Alaska and Hawaii, while others (North Dakota, Iowa) not so much, but I want to say I've been to them all.
