“ Sometimes all people need is *that one person*- that *ONE* person that tells them *they can do it.* ”

-Ameesha Jackson  
ParentChild+ mom

# MISSION

---

The ParentChild+ Program is a research-based and validated early-childhood literacy, school -readiness, and parenting program that strengthens families and prepares children for academic success through intensive home-visiting. Home visits take place twice a week for thirty minutes each visit with two- and three-year-olds over a two-year period, for a total of 92 visits.

FREE books and toys are given to the family each week and are the focus of the each visit. The rich verbal interaction and construction of a nurturing, positive environment that gives parents confidence and gives children the motivation to learn are at the heart of ParentChild+.

ParentChild+ was designed for families who may not have access to books or preschool, or who face challenges in preparing their young children for school. Many families find it difficult to provide the time, material, and educational focus that young children need, but ParentChild+ makes it possible.
