Practice with Distance Riddles

Solve the riddles below. Write the two numbers you find on the number line. Then find the difference between each pair of numbers. Write the addition and subtraction equations that show the distance between the numbers.

1 The distance between 100 and me is 31.

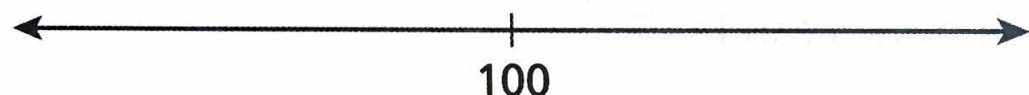

What numbers can I be?

The difference between the two numbers is _____.

Equations: _____

2 The distance between 100 and me is 86.

What numbers can I be?

The difference between the two numbers is _____.

Equations: _____

Ongoing Review

3 There were 100 paper clips in a box. Gina used 29 clips for a project.

How many were left?

- (A) 81
- (B) 70
- (C) 71
- (D) 129

NOTE

Students find two numbers that are a given distance from 100 on the number line. Then they find the difference between the two numbers.
