Education and Training

- Psychology Intern, Early Childhood Track 2019-present
Yale Child Study Center, New Haven, CT
Training Director: Michele Goyette-Ewing, Ph.D.
- Ph.D. in Clinical Psychology 2014-present
Yale University, New Haven, CT
Advisor: Tyrone Cannon, Ph.D.
Dissertation topic: *Inflammation throughout prenatal development and risk for schizophrenia*
- Sackler Summer Institute in Developmental Neurobiology 2015
Weill Cornell Medical College, New York, NY
Coordinators: B.J. Casey, Ph.D. and Dylan Gee, Ph.D.
- B.A., Psychology 2010-2014
Kalamazoo College, Kalamazoo, MI
Senior Thesis: *Gestational age at term, delivery circumstance, and their association with childhood attention problems*

Research Grants

- National Science Foundation (NSF) Graduate Research Fellowship Program 2015-2019
NICHD/DIPHR Biospecimen Repository Access and Data Sharing 2016

Academic Awards and Honors

- Travel Awardee, 6th Biennial Schizophrenia International Research Society Conference 2018
Yale University Dissertation Fellowship Award 2018
Yale Department of Psychology Conference Travel Award 2014-2018
Phi Beta Kappa National Honors Society *Inducted* 2014
Honors in Psychology, Kalamazoo College 2014
Donald W. Van Liere Prize in Psychology Research, Kalamazoo College 2014
Donald W. Van Liere Prize in Psychology Coursework, Kalamazoo College 2014
Honors on Senior Thesis, Department of Psychology, Kalamazoo College 2014
Alpha Lambda Delta National Honors Society *Inducted* 2011
Department of Psychology First-Year Student Prize, Kalamazoo College 2011

Publications

Allswede, D. Yolken, R. H., Buka, S. L., & Cannon, T. D. (under review). Cytokine levels throughout pregnancy and risk for psychosis in adult offspring.

Allswede, D., Addington, J., Bearden, C. E., Cadenhead, K., Cornblatt, B., Mathalon, D., . . . Cannon, T. D. (in press). Characterizing outcomes of clinical high-risk non-converters using group-based trajectory modeling. *American Journal of Psychiatry*.

Chung, Y., **Allswede, D.**, Addington, J., Bearden, C. E., Cadenhead, K., Cornblatt, B., . . . Cannon, T. D. (in press). Cortical abnormalities in youth at clinical high-risk for psychosis. *Neuroimage: Clinical*.

White, M., Whittaker, S., Gores, A., & **Allswede, D.** (2019). Evaluation of a self-care intervention to improve student mental health administered through a distance-learning course. *American Journal of Health Education, 50(4)*, 213-224.

Allswede, D. & Cannon, T. D. (2018). Prenatal inflammation and risk for schizophrenia: A role for immune proteins in neurodevelopment. *Development & Psychopathology, 33(3)*, 1157-1178.

Allswede, D., Zheutlin, A., Chung, Y., Anderson, K., Hultman, C. M., Ingvar, M., Suvisaari, J., Therman, S., & Cannon, T. (2018). Complement gene expression is associated with superior frontal cortical thickness in humans. *Neuropsychopharmacology, 43*, 525-533.

White, M. A., Mayer, M., Vanderlind, W. M., & **Allswede, D.** (2017). Evaluation of a behavioral self-care intervention for public health students. *American Journal of Health Education, 49(1)*, 40-47.

Allswede, D., Buka, S. L., Torrey, E. F., Yolken, R. H., & Cannon, T. D. (2016). Elevated maternal cytokine levels at birth and risk for schizophrenia in adult offspring. *Schizophrenia Research, 172*, 41-45.

Talge, N. M., **Allswede, D.**, & Holzman, C. (2016). Gestational age at term, delivery circumstance, and their association with childhood attention problems. *Paediatric and Perinatal Epidemiology, 30(2)*, 171-180.

Good, I., **Allswede, D.**, Curley, K., & Batsell, W. R., Jr. (2015). Investigation of trial number on flavor aversions in A+/AX+ conditioning. *Learning and Motivation, 49*, 38-50.

Allswede, D., Curley, K., Cullen, N., & Batsell, W. R., Jr. (2014). Within-compound associations mediate augmented flavor aversions. *Learning and Motivation, 48*, 33-46.

Invited Talks

22nd Annual Stanley Meeting, Stanley Medical Research Institute, Johns Hopkins University, Nov 28-30, 2016

Allswede, D. & Cannon, T.D. Complement gene expression is associated with superior frontal cortical thickness in humans.

Conference Presentations

32nd Annual Meeting of the Society for Research in Psychopathology, Sept 20-23, 2018
Poster: Characterizing outcomes of clinical high-risk non-converters using group-based trajectory modeling.

6th Biennial Schizophrenia International Research Society Conference, April 4-8, 2018.
Poster: Characterizing outcomes of clinical high-risk non-converters using group-based trajectory modeling.

16th International Congress on Schizophrenia Research, March 24 – 28, 2017
Poster: Complement gene expression correlates with superior frontal cortical thickness in humans (updated).

Society for Research in Psychopathology, Sept 29 – Oct 2, 2016
Poster: Complement gene expression and its association with superior frontal cortical thickness in humans.

Society for Biological Psychiatry, May 12-14, 2016
Poster: Maternal cytokine levels at birth and development of schizophrenia in adult offspring (updated).

Society for Research in Psychopathology, October 15-18, 2015
Poster: Maternal cytokine levels at birth and development of schizophrenia in adult offspring.

15th International Congress on Schizophrenia Research, March 28 – April 1, 2015
Poster: Maternal cytokine levels at birth, fetal hypoxia, and the development of schizophrenia in adult offspring.

Shaping the Developing Brain: Prenatal through Early Childhood, Fifth Annual Aspen Brain Forum, Nov 11-13, 2014. Poster: Gestational age at term, delivery circumstance, and their association with childhood attention problems (updated).

86th Annual Meeting of the Midwestern Psychological Association, May 1-3, 2014
Poster: Increasing trial number produces augmentation, not blocking, in flavor-aversion conditioning.

27th Annual Michigan Undergraduate Psychology Research Conference, April 19, 2014
Oral presentation: Gestational age at term, delivery circumstance, and their association with childhood attention problems.

2nd Annual MSU Conference on Women's Health Research, November 22, 2013
Poster: Gestational age at term, delivery circumstance, and their association with childhood attention problems.

85th Annual Meeting of the Midwestern Psychological Association, May 2-4, 2013
Poster: Comparison of potentiation and augmentation effects in flavor-aversion conditioning.

4th Annual Midwest/Great Lakes Undergraduate Research Symposium in Neuroscience, September 29, 2012
Poster: An investigation of compound associations in flavor-aversion conditioning.

25th Annual Michigan Undergraduate Psychology Research Conference, April 14, 2012
Poster: College women's conceptualizations of effective leadership & acquired leadership skills: Changes over a 4-year liberal arts education.

25th Annual Michigan Undergraduate Psychology Research Conference, April 14, 2012
Oral presentation: The effect of taste pre-exposure on simultaneous compound conditioning.

37th Annual Conference for the Association of Women in Psychology, March 8-11, 2012
Poster: College women's conceptualizations of effective leadership & acquired leadership skills: Changes over a 4-year liberal arts education.

Clinical Training

Yale Child Study Center, Early Childhood Intern Training Director: Michele Goyette-Ewing, Ph.D.	2019-2021
Yale Psychology Department Clinic, Student Supervisor Supervisor: Mary O'Brien, Ph.D.	2018-2019
Yale Child Study Center Outpatient Psychiatric Clinic for Children, Student Clinician Supervisors: Rachel Lawton, Ph.D. & Paige Lembeck, Ph.D.	2017-2019
Yale Child Study Center Program for Anxiety Disorders, Student Clinician Supervisors: Wendy Silverman, Ph.D., ABPP, and Eli Lebowitz, Ph.D.	2016-2017
Yale Psychology Department Clinic, Student Clinician Supervisors: Arielle Baskin-Sommers, Ph.D. & Mary O'Brien, Ph.D.	2015-2016

Yale Psychology Department Clinic, Intake Clinician 2014-2015
Supervisors: Marney White, Ph.D., MS., & David Klemanski, Psy.D.

Research Experience

Clinical Neuroscience Lab, *Yale University* 2014-present
Graduate Student
Advisor: Tyrone Cannon, Ph.D.

Taste Aversion Rodent Lab, *Kalamazoo College* 2011-2014
Research Assistant
Advisor: Robert Batsell, Ph.D.

POUCH Epidemiological Study Group, *Michigan State University* Summer 2013
Senior Thesis Student
Advisor: Nicole Talge, Ph.D.

Department of Obstetrics, Gynecology, and Reproductive Biology, *Michigan State University* Summer 2012
Research Assistant
Advisor: Matthew Allswede, M.D.

Women's Leadership Research Center, *Kalamazoo College* 2011-2012
Research Assistant
Advisor: Karyn Boatwright, Ph.D.

Yale Infant Cognition Center, *Yale University* Summer 2011
Research Assistant
Advisor: Karen Wynn, Ph.D.

Teaching Experience

Yale University – Teaching Fellow

Social and Behavioral Determinants of Health, Prof. Marney White Sept-Dec 2016, 2017
Led discussion sections, supported development and sustainment of student behavioral health goals, graded assignments

Abnormal Psychology, Prof. Jutta Joormann Jan-May 2016
Led review sessions, aided in exam creation, held office hours, graded assignments.

Autism and Related Disorders, Prof. Fred Volkmar Sept-Dec 2015
Coordinated volunteer placements, communicated with students, aided in term paper thesis creation, graded term papers.

Kalamazoo College – Teaching Assistant

Experimental Methods, Prof. Robert Batsell March-June 2014
Provide support during weekly labs with APA style, statistics, and experimental design. Graded student assignments.

Intro to Statistics, Prof. Eric Nordmoe Sept-Nov 2013
Graded homework assignments and exams.

Abnormal Psychology, Prof. Karyn Boatwright 2013-2014
Led a weekly discussion group consisting of 7-8 students that promoted the synthesis of course material with personal experiences. Coordinated and ran TA meetings in addition to previous responsibilities as lead TA in Jan-March 2014.

Physiological Psychology, Prof. Robert Batsell & Prof. Jennifer Perry 2012-2014
Held office hours, collected data for a class experiment, graded assignments.

Developmental Psychology, Prof. Siu-Lan Tan 2012-2014
Co-hosted review sessions, served as a writing consultant for students, and helped organize and participate in a service learning project in which developmental students co-author and co-illustrate books with elementary students.

Hispanic Health and Disease, Prof. Maria Romero-Eshuis April-June 2013
Coordinated service-learning programs with a local bilingual elementary school to facilitate student collaboration with Spanish-speaking children.

Professional Activities and Affiliations

Service

Yale Psychology Colloquium Committee Member 2015-2018
Yale Psychology Clinical Current Works Speaker Series co-organizer 2015-2016

Consultant

Diagnostic interviewer for Evidera, Inc. 2015-2017

Professional Affiliations

Society for Research in Psychopathology
Phi Beta Kappa
