The SUNY Hispanic Leadership Institute (HLI) is an in-depth and rigorous program, which requires a significant commitment and investment of the Fellow’s time. HLI requires Fellows to attend all scheduled meetings, sessions, webinars, and leadership retreats, as well as completing all assigned tasks. Participation in the HLI will also require time away from the Fellow’s workplace. To be successful, each participant must have the support from their campus leadership, including their direct supervisor.

The HLI six-month curriculum begins in January and ends in June, and includes, but is not limited to:

- January – SAIL Winter Leadership Retreat
- April – Mid-Course Retreat
- June – Capstone Event
- Monthly group webinars to discuss articles, ongoing projects, and emerging issues
- Monthly individual videoconferences with the HLI Executive Director and professional mentor(s)
- Additional conference calls and webinars that may be scheduled to cover other topics with Hispanic/Latinx leaders

HLI covers the costs for all meetings, materials, speakers, etc. HLI also covers lodging, breakfast, and lunch for meetings, if and when required. However, each participant is responsible to cover the cost of their transportation and evening meals; this may/will require some level of financial support from the participant’s institution.

By signing in the space provided below, I fully support and approve ____________________________ (Name of Nominee) participation in all HLI activities/events and commit to provide any financial support needed to cover the costs associated with these events, as outlined above.
