Dear Site Supervisor,

Greetings from the State University of New York at New Paltz and welcome to our network of colleagues from practicum and internship sites all over the greater Hudson Valley! We are excited and thankful that you have agreed to host one of our students at your agency or school. Our students’ experiences in the field are invaluable educational opportunities, and we look forward to a great working relationship with you.

Please find attached the Site Supervisor’s Handbook that contains information about our program, a description of our policies and procedures, and copies of the forms used during the practicum/internship year.

The primary point of contact between the University and your school will be our Practicum and Internship Coordinator. Feel free to direct any questions or concerns to directly to him. Please find his contact information, for your reference, below:

Matt Maher, LMHC, LBA, BCBA
maherm@newpaltz.edu

Thank you for your contribution to the training of our students, and I hope your experience with our program is an enriching one.

Sincerely yours,

Melanie S. Hill, Ph.D.

The School Counseling Program is a 60-credit practitioner-scholar oriented training program that prepares students for certification as school counselors. Our faculty are experienced counselors in the mental health and school counseling field, which helps ensure that students have access to the most current theories and practices. The degree includes a core curriculum and specialization courses. The curriculum covers school counseling practice and research, in addition to necessary coursework in human growth and development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program development, and professional orientation. Practicum and internship experiences provide unique, varied, and intense hands-on school counseling training experiences that meet state certification requirements. The degree meets New York State requirements for certification in school counseling. It can be completed full-time in two years, including summer classes. Detailed information on the certification of school counselors in New York is available from the State Education Department (SED) at http://www.highered.nysed.gov/tcert.

The Counseling Graduate Program at SUNY New Paltz trains highly skilled school counselors knowledgeable in both the practice and science of counseling. The program’s climate combines rigorous academic standards along with a collegial and supportive mentoring environment that conceptualizes students as emerging professionals. The program is committed to academic and personal development of counseling trainees within an atmosphere that values cultural and intellectual diversity. The program’s goal is to prepare school counselors who:

- Possess the knowledge and skills necessary to practice as highly competent counselors
- Demonstrate intellectual curiosity and a commitment to continually expanding their counseling knowledge and proficiency
- Understand and model the professional standards and ethics of their profession
- Attend to their own personal growth, as well as that of their clients, through utilizing supervision, valuing interpersonal feedback, and engaging in ongoing self-evaluation
- Show mastery of the research process and understand its central role in counseling practice and conducting program evaluation
- Are open-minded and respectful of multicultural and intellectual diversity
- Use their counseling knowledge to function as compassionate and caring practitioners, advocates, and leaders within their profession and within the communities they serve
- Function as highly skilled and ethical counselors able to work effectively in a variety of school settings with students of different ages
- Demonstrate mastery of major counseling theories and skills and show the ability to utilize them appropriately and effectively within schools
- Have strong foundational knowledge in the area of human growth and development and are able to use this knowledge to inform their understanding of the students with whom they work
- Value and respect diversity and demonstrate multicultural competency working with students from diverse backgrounds
- Attend to and understand the system of teachers, parents, administrators, and community members that makes up a school setting and are able to work with these various constituencies effectively
- Are able to utilize data to effectively assess and evaluate student academic achievement, career, and personal/social development as well as the school counseling program as it relates to their school’s broader mission
- Possess an adjustment-oriented approach that emphasizes not only addressing administrative responsibilities of school counselors, but also their role as counselors providing intervention and advocacy in both preventative and remedial forms for the students they serve
The Counseling Graduate Program emphasizes professional, personal, and academic development as essential to counselor education. Students must not only excel academically, but must (a) adhere to the professional and ethical standards of the profession, (b) demonstrate adequate counseling skills and competencies, and (c) attend to their personal development as it impacts their ability to work effectively and ethically as counselors.

Students in the program are expected to attend to their own social and emotional functioning. Counseling training requires that trainees be self-reflective, open to new and challenging ideas, willing to examine their own assumptions, able to receive feedback, and generally willing to engage in personal growth. At times this may involve examining one’s own life experiences and facing one’s own emotional issues. Willingness to do this important personal work is an integral part of any counselor’s training.

Therefore, graduation from the program requires that students successfully complete the academic, laboratory skill application (e.g., role plays), and practicum/internship experiences with regard to both clinical and personal development. Students must, in the professional judgment of the faculty and clinical supervisors, understand and behave in (a) accordance with the professional and ethical standards of the profession, (b) meet the requisite counseling competencies and skills to work as an effective professional counselor, and (c) be free from any psychological impairment that may act as a barrier to effective professional counseling. The counseling faculty and clinical supervisors will evaluate students based on these criteria and students must consent to this in writing prior to commencing their coursework.

The next several pages present descriptive criteria for professional performance that counseling trainees will be held to. These criteria cover twelve basic areas on which student progress will be regularly reviewed as students proceed through the program. These twelve areas are:

1. Openness to new ideas
2. Flexibility
3. Cooperativeness with others
4. Willingness to accept and use feedback
5. Awareness of own impact on others
6. Ability to deal with conflict
7. Ability to accept personal responsibility
8. Ability to express feelings effectively and appropriately
9. Attention to ethical and legal considerations
10. Initiative and motivation
11. Development of Professional Skills and Competencies
12. Psychological Functioning and Self-Management

These twelve criteria are presented in greater detail along with operational examples in the pages that follow. However, it is important to keep in mind that these operational definitions are meant to be examples and are not an exhaustive list of potential behaviors on which students can be evaluated. They are drawn directly from the following sources:

# APPENDIX

## Descriptive Criteria for Professional Performance Review Policy Standards (Revised 5/05)

1. **Openness to new ideas (1 = closed to 5 = open)**

<table>
<thead>
<tr>
<th>Was dogmatic about own perspective and ideas. Ignored or was defensive about constructive feedback.</th>
<th>Was amenable to discussion of perspectives other than own. Accepts constructive feedback without defensiveness.</th>
<th>Sought others’ opinions and perspectives about own work. Invited constructive feedback and demonstrated interest in others’ perspectives.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Showed little or no evidence of incorporating constructive feedback received to change own behavior.</td>
<td>Some evidence of effort to incorporate relevant feedback received to change own behavior.</td>
<td>Showed strong evidence of incorporation of feedback received to change own behavior.</td>
</tr>
</tbody>
</table>

2. **Flexibility (1 = inflexible to 5 = flexible)**

| Showed little or no effort to recognize changing demands in the professional & interpersonal environment. Showed little or no effort to flex own response to changing environmental demands. Refused to flex own response to changing environmental demands despite knowledge of the need for change. Was intolerant of unforeseeable or necessary changes in established schedule or protocol. | Effort to recognize changing demands in the professional & interpersonal environment was evident but sometimes inaccurate. Effort to flex own response to new environmental demands was evident but sometimes inaccurate. Flexed own response to changing environmental demands when directed to do so. Accepted necessary changes in established schedule or protocol, but without effort to understand the reason for them. | Showed accurate effort to recognize changing demands in the professional & interpersonal environment. Showed accurate effort to flex own response to changing environmental demands as needed. Independently monitored the environment for changing demands and flexed own response accordingly. Attempted to understand needs for change in established schedule or protocol to avoid resentment. Accepted necessary changes in established schedule and attempted to discover the reasons for them. |

3. **Cooperativeness with others (1 = uncooperative to 5 = cooperative)**

| Showed little or no engagement in collaborative activities. Undermined goal achievement in collaborative activities. Was unwilling to compromise in collaborative activities. | Engaged in collaborative activities but with minimum allowable input. Accepted but rarely initiated compromise in collaborative activities. Was concerned mainly with own part in collaborative activities. | Worked actively toward reaching consensus in collaborative activities. Was willing to initiate compromise in order to reach group consensus. Showed concern for group as well as individual goals in collaborative activities. |

4. **Willingness to accept and use feedback (1 = unwilling to 5 = willing)**

| Discouraged feedback from others through defensiveness and anger. Showed little or no evidence of incorporating supervisory feedback received. | Was generally receptive to supervisory feedback. Showed some evidence of incorporating supervisory feedback into own views and behaviors. | Invited feedback by direct request and positive acknowledgment when received. Showed evidence of active incorporation of supervisory feedback received into own views and behaviors. |

4. Willingness to accept and use feedback (1 = unwilling to 5 = willing)
   (Continued)
   Took feedback contrary to own position as a personal affront.
   Demonstrated greater willingness to give feedback than receive it.
   Showed some defensive-ness to critique through “over-explanation of own actions”—but without anger.
   Demonstrated greater willingness to receive feedback than to give it.
   Demonstrated a balanced willingness to give and receive supervisory feedback.

5. Awareness of own impact on others (1 = unaware to 5 = aware)
   Words and actions reflected little or no concern for how others were impacted by them.
   Ignored supervisory feedback about how words and actions were negatively impacting others.
   Effort to determine how own words and actions impacted others was evident but sometimes inaccurate.
   Respond as necessary to feedback regarding negative impact of own words and actions on others, but at times, with resentment.
   Effort toward recognition of how own words and actions impacted others.
   Initiates feedback from others regarding impact of own words and behaviors
   Regularly incorporates feedback regarding impact of own words and behaviors to effect positive change.

6. Ability to deal with conflict (1 = unable to 5 = able)
   Was unable or unwilling to consider others’ points of view.
   Showed no willingness to examine own role in a conflict.
   Ignored supervisory advice if not in agreement with own position.
   Showed no effort at problem solving.
   Displayed hostility when conflicts were addressed.
   Attempted but sometimes had difficulty grasping conflicting points of view.
   Would examine own role in a conflict when directed to do so.
   Was responsive to supervision in a conflict if it was offered.
   Participated in problem solving when directed.
   Always willing and able to consider others’ points of view.
   Almost always willing to examine own role in a conflict.
   Was consistently open to supervisory critique about own role in a conflict.
   Initiated problem-solving efforts in conflicts.
   Actively participated in problem-solving efforts.

7. Ability to accept personal responsibility (1 = unable to 5 = able)
   Refused to admit mistakes or examine own contribution to problems.
   Lied, minimized, or embellished the truth to extricate self from problems.
   Consistently blamed others for problems without self-examination.
   Was willing to examine own role in problems when informed of the need to do so.
   Was accurate and honest in describing own and others’ roles in problems.
   Might blame initially, but was open to self-examination about own role in problems.
   Monitored own level of responsibility in professional performance.
   Invited constructive critique from others and applied it toward professional growth.
   Accepted own mistakes and responded to them as opportunity for self-improvement.
   Avoided blame in favor of self-examination.

8. Ability to express feelings effectively and appropriately (1 = unable to 5 = able)
   Showed no evidence of willingness and ability to articulate own feelings.
   Showed some evidence of willingness and ability to articulate own feelings, but with limited range.
   Was consistently willing and able to articulate the full range of own feelings.

The section “Expectations for Student Professional, Personal, and Academic Development” states that in addition to their academic performance, students will be evaluated on three criteria:

1. Ability to understand and adhere to the counseling profession’s professional and ethical standards of behavior;
2. Ability to demonstrate adequate counseling skills and competencies; and
3. Freedom from any psychological impairment that may act as a barrier to their ability to provide effective professional counseling.

All students will be evaluated on these criteria throughout their matriculation in the respective counseling programs. Students who cannot or choose not to adhere to or meet these criteria will be subject remediation and/or dismissal from the respective programs.

The following section presents a detailed outline of:

1. how and when students can be expected to be evaluated;
2. faculty and students’ responsibility as well as students’ rights;
3. policies and procedures on how faculty will identify and will work with students’ who exhibit some type of deficiency;
4. the procedures for how such issues will be adjudicated;
5. how such issues may be resolved (i.e., remediation or dismissal from program).

1. On the first day of each class, professors will specifically address—both in class and in their syllabi—how students will be evaluated in areas other than their academic performance. Generally this evaluation will be based on students’ understanding and adherence to professional and ethical behavior, their demonstration of their mastery over the relevant professional skills and competencies, and their social-emotional and interpersonal functioning as relevant to their work as counselors.

2. Faculty members will attempt to identify and address any concerns with a student’s performance as early as possible in the semester. However, if at any time during the semester, a faculty member identifies a concern with a student, the faculty member will meet with the student on an informal basis to see if some informal remediation can resolve the issue. If the issue cannot be resolved in this manner, the faculty member will initiate the Student Professional Competency Review procedure by filling out the “Call for Student Professional Competency Evaluation” (Appendix A) and the relevant sections of the “Professional Counseling Performance Evaluation Form” (Appendix B).

3. The faculty member will provide the “Call for Student Professional Competency Evaluation” to the counseling program director and department chair. The counseling program director will in turn designate a “Faculty Review Committee” consisting of three counseling core faculty members. The purpose of the Faculty Review Committee is to assess the student’s performance and recommend a course of action to the student and counseling program director. The program director will then inform the student in writing that the review committee will be meeting (giving the student approximately two weeks’ notice) and that the student’s presence is required. The student will be allowed to bring a representative to the meeting with whom the student can consult, but who may not speak during the meeting.
4. At the conclusion of the meeting, the Faculty Review Committee will recommend one of three courses of action:

   a. The student’s professional and interpersonal functioning is okay and the student can continue in the program with no remediation or further concern.

   b. The student should undergo some form of remediation.

      i. The form of remediation is determined by the committee.

      ii. Examples of remediation include but are not limited to: course repetition, denial of advancement to sequenced courses, recommendation to receive personal counseling, increased supervision, reduced clinical load, written warnings, placement on formal probation, advisement to take a leave of absence, disciplinary action, receiving tutoring, attending special seminars, extra assignment or coursework, attending peer support groups, and repetition of practicum/internship.

   c. The student should be dismissed from the program.

5. After the review committee meets, they inform the counseling program director and department chair of their decision.

6. The counseling program director officially informs the student in writing of the committee’s decision. A copy of this is also provided to the department chair.

7. If the student does not agree with the program’s recommendation, the student may appeal the decision to the counseling program director, who will review and either uphold or revise the decision. The program director informs the student and the committee of his/her decision regarding the student appeal in writing.

8. If the student does not agree with the program director’s decision, the student may appeal to the department chair. The department chair examines whether the procedure outlined herein has been followed.

    a. The chair, after relevant fact finding, only has the authority to overturn the decision based on the program’s failure to abide by the remediation procedure. If procedure has been followed, the chair must uphold the program director’s decision. If this occurs, then the student may appeal to the Deans of Liberal Arts and Sciences and the Graduate School. They consult with the relevant parties and then inform the student and the program director of their decision regarding the student appeal in writing. If the Deans uphold the counseling program’s decision, then the student may initiate legal action if desired.

    b. If the chair concludes the procedures have not been properly followed, then the case is referred to the Dean of Liberal Arts and Sciences and the Dean of the Graduate School. These Deans consult and then inform the student and the program director of their decision regarding the student appeal in writing. If the Deans uphold the counseling program’s decision, then the student may initiate legal action if desired.

9. If the review committee and the counseling program director recommend that the student receive some type of remediation and the student agrees to this recommendation:
a. a time-based and outcome focused plan will be developed in which clearly documentable steps and actions to be taken by the student (and perhaps faculty) to help student remediate the issue.

b. A date for a follow-up review procedure is identified to determine if the student has met the goals and expectations of the remediation.

10. At the date indicated, the counseling faculty as a whole determines the student’s future status in the program based on their assessment of whether the remediation has been successful. They inform the student and department chair about whether they believe the remediation has worked, further remediation is required, or the student should be dismissed from the program. If the remediation is successful, then the student continues with the program under no further sanction. If it has not been successful, then the counseling faculty either implements additional remediation (returning the process to Step 2) or moves to dismiss the student from the program.

11. If the counseling faculty chooses to dismiss the student from the program, this is reported to the student, department chair, and the Deans of Liberal Arts and Sciences and the Graduate School. If the student does not agree with the program director’s decision and also believes that the proper procedures for the review have not been followed, the student may appeal to the department chair.

   a. If the chair, after consulting with relevant parties, concludes the procedure has been properly followed and upholds the program director’s decision, then the student may appeal to the Deans of Liberal Arts and Sciences and the Graduate School. These Deans consult and then inform the student and the program director of their decision regarding the student appeal in writing. If the Deans uphold the counseling program’s decision, then the student may initiate legal action if desired.

   b. If the chair concludes the procedures have not been properly followed, the case is referred to the Dean of Liberal Arts and Sciences and the Dean of the Graduate School. These Deans consult and then inform the student and the program director of their decision regarding the student appeal in writing. If the Deans uphold the counseling program’s decision, then the student may initiate legal action if desired.

OVERVIEW

The M.S. in School Counseling Program at the State University of New York at New Paltz is a 60 credit program that prepares students to be elementary, middle, and high school counselors. As an important component of their training, students complete two distinct clinical experiences while enrolled in the program: a semester-long practicum and a year-long internship.

In order to best facilitate the learning experiences for students pursuing their M.S. in School Counseling, the following site expectations have been developed.

- The school counseling program should be built upon the tenets of the ASCA National Model for School Counseling or the New York State Comprehensive K-12 School Counseling Program.
- Sites will provide students with a primary school counseling supervisor who is certified in New York State as a School Counselor, and is willing to provide the student with a minimum of one hour of face-to-face individual supervision per week.

Each school counseling placement should provide students with opportunities to observe, co-facilitate, and lead various school counseling activities. Sample school counseling activities include:

- Collaborating with parents, teachers, and school administrators
- Classroom Guidance Lessons
- Evaluation of Classroom Guidance Lessons
- Individual Counseling (academic, career, and personal/social-emotional)
- Group Counseling
- School-wide programming
- Attending Child Study meetings
- Participating in a Peer Mediation Program
- Attending District-wide School Counselor Meetings
- Attending and participating in Committee on Special Education Meetings
- Participating in child study or school-based assessment team meetings

LEARNING OBJECTIVES FOR PRACTICUM AND INTERNSHIP

We have identified a core group of counseling competency skills that are the learning objectives for the practicum and internship. These are listed in Appendices C and D at the end of this Manual. Students are expected to discuss their specific personal and professional learning objectives with both their site and university supervisors.

We believe that the supervisory relationship is a vital component to the practicum/internship experience. Site supervisors are important role models and contribute greatly to the intern’s professional development. When working with interns, we encourage supervisors to focus not only on the specifics of the student client or group, but also on the social and cultural dimensions of the case, as well as on the intern’s own developmental process.

UNIVERSITY SUPERVISION

During the one semester of practicum and two semesters of internship, students participate in university supervision that examines the wide range of professional issues often encountered when doing clinical work. These include, but are not limited to, questions of ethical standards, dealing with difficult clients, supervisory and/or organizational issues, and
enhancing the personal and professional development of the intern as a counselor in training. The University Supervisor is responsible for evaluating students counseling skills, ensuring that the learning objectives are being met, and monitoring the student’s progress in their clinical work with clients. Supervision provided by the university supervisor supplements, but does not replace nor supersede, on-site individual supervision by clinical staff. The on-site supervisor is clinically responsible for all cases and therefore has absolute authority in dictating client therapy.

The Practicum and Internship Coordinator serves as a link between the program (including the Director and University Supervisor) and the practicum/internship site.

SCHOOL COUNSELING PRACTICUM REQUIREMENTS

1. **Duration**: during the Spring semester, January – May.
2. **Time**: School Counseling Practicum students are expected to complete 100 hours of on-site training over the semester, with at least 40 of these hours being direct service working with students.
   a. Direct Service is defined as any therapeutic contact with students. This includes individual, family, and group sessions held, as well as such diverse activities as psycho-educational presentations and consultations (e.g., planning out-of-session behavior modification with parents of students).
   b. If the student counselor engages in co-counseling with her/his supervisor or another counselor, the student counselor must facilitate at least 50% of the session to count toward the direct hours requirement.
   c. One hour of group counseling counts the same as one hour of individual counseling, regardless of how many individuals there are in the group being facilitated.
3. **Supervision**: there is a minimum requirement of one hour a week of onsite individual or triadic supervision with the counselor trainee and the site supervisor. Counselor trainees should not schedule a student meeting if they do not have direct access to a supervisor; counselor trainees should have immediate access to a supervisor in case an emergency should arise.
   a. The site supervisor must:
      i. have a Master’s degree or higher in a discipline related to school counseling,
      ii. be tenured and have permanent certification in their discipline.
   b. Counselor trainees are expected to participate in other learning opportunities such as case conferences and staff meetings.
   c. The supervisor will complete an evaluation of the student at the middle and end of each semester. The program will provide forms for the supervisor evaluations (see Appendix D).
4. **Audio/Video recording**: students are expected to bring recorded samples of their work to their university with permission for release signed by parent/guardian and assent from the student (see Audio/Video Recording Policy, Appendix E; Audio/Videotape & Case Presentation Consent Form, Appendix F; Certification of Client Consent Form, Appendix G; Field Site Confidentiality Agreement, Appendix H).
5. **Practicum Site Agreement**: the contract lists the specifics of the training experience. It includes the days of the week to be worked, the activities that the student will be engaged in, the name and credentials of the supervisor and the specific learning goals to be pursued during the placement (see Practicum Site Agreement, Appendix I).
6. **Time Log**: Students are required to keep weekly (Appendix J) and end of semester time logs (Appendix K), prepared by the student and verified by their practicum on-site supervisor, that document direct contacts with clients and other activities attended by students such as case conferences, in-service trainings and consultations with other care providers. Time logs will be retained by the College and should not contain any client-identifying information.
PREREQUISITES:

- Matriculated student in School Counseling Program.
- Completion of the following courses with a minimum grade of a B:
  - COU510: Counseling Theories
  - COU515: Counseling Skills
  - COU520: Career Development, Counseling, and Assessment

APPLYING FOR PRACTICUM. Students who meet the prerequisite requirements and wish to begin practicum must submit a practicum application (See Appendix L) prior to Thanksgiving Break in the fall semester. By the end of the fall semester, the counseling core faculty, along with any other instructors teaching the core counseling courses, meet to review all students who have applied for entry into the practicum. Students are assessed in terms of their academic performance, professional development, and personal development. A “Developmental Feedback Form” is completed, which includes numerical ratings of student performance in the three areas, as well as written feedback (See Appendix O). Counseling Faculty Advisors meet with their advisees to share the feedback on this form. Students are provided a copy of the form, another copy is placed in the student files. Any student who is not making satisfactory progress in all three areas by the end of the semester is held back from proceeding to practicum; further, the remediation process is initiated in order to address the deficits.

Importantly, placement sites always reserve the right to determine which students will be placed at their site. At any time before or during a placement, should a site determine that a student is not fit to continue with a placement, then the site can dismiss the student from the placement.

PRACTICUM SELECTION PROCESS

Below is a step-by-step overview of the practicum selection process.

Practicum Selection Process (with tentative dates for 2017-2018):

- October: Developmental Feedback Request Forms due.
- November: Students will begin contacting approved sites for interviews.
- December: All interviewing must be completed.
- December: Sites will submit (preferably via email) to the Practicum and Internship Coordinator their rank-ordered preferences for students they wish to offer placements, indicating how many placements they have available and who is on their "wait list".
- December: Students will communicate to the Practicum and Internship Coordinator which of their placement offers they wish to accept.
- The Practicum and Internship Coordinator will work with any students left unplaced after December 10 to see if they can be matched with any sites that still have openings.

Note: Receiving a practicum placement is dependent on the student successfully completing her/his Fall coursework and being deemed ready to proceed to internship by the program. In the rare instance where a student is not ready, the Practicum and Internship Coordinator will communicate with the site where the placement was supposed to take place to explain the situation and why the student cannot be allowed to proceed to the placement.

In order to take the practicum class, a student must be offered a practicum placement by an approved site. Even if given the go-ahead by the faculty, students are never guaranteed practicum placements; the offer of a placement is always at the discretion of the training sites.
1. **Duration**: during the academic calendar year, from August – May.

2. **Time**: School Counseling Interns are expected to complete 600 hours of training over the two semesters, with at least 240 of those hours being direct service to students.
   - a. Direct Service is defined as any counseling contact with students. This includes individual, family, and group sessions held, as well as such diverse activities as psycho-educational presentations and therapeutic consultations (e.g., planning out-of-session behavior modification with parents of students).
   - b. If the student counselor engages in co-counseling with her/his supervisor or another counselor, the student counselor must facilitate at least 50% of the session to count toward the direct hours requirement.
   - c. One hour of group counseling counts the same as one hour of individual counseling, regardless of how many individuals there are in the group being facilitated.

3. **Supervision**: there is a minimum requirement of **one hour a week** of onsite individual or triadic supervision with the intern and the site supervisor. Interns should not schedule a client meeting if they do not have **direct access** to a supervisor; interns should have immediate access to a supervisor in case an emergency should arise.
   - a. The site supervisor must:
     - i. have a Master’s degree or higher in a discipline related to school counseling,
     - ii. be tenured and have permanent certification in their discipline.
   - b. Interns are expected to participate in other learning opportunities such as case conferences and staff meetings.
   - c. The supervisor will complete an evaluation of the intern at the middle and end of each semester. The program will provide forms for the supervisor evaluations (see Appendix D).

4. **Audio/Video recording**: interns are expected to bring recorded samples of their work to their university with permission for release signed by clients (see Audio/Video Recording Policy, Appendix E; Audio/Videotape & Case Presentation Consent Form, Appendix F; Certification of Client Consent Form, Appendix G; Field Site Confidentiality Agreement, Appendix H).

5. **Internship Site Agreement**: the contract lists the specifics of the training experience. It includes the days of the week to be worked, the activities that the student will be engaged in, the name and credentials of the supervisor and the specific learning goals to be pursued during the placement (see Internship Site Agreement, Appendix I).

6. **Time Log**: Students are required to keep weekly (Appendix J) and end of semester time logs (Appendix K), prepared by the student and verified by their internship on-site supervisor, that document direct contacts with clients and other activities attended by students such as case conferences, in-service trainings and consultations with other care providers. Time logs will be retained by the College and should not contain any client-identifying information.

**Note**: Although each off-campus placement will have somewhat different requirements, it is expected that the specified hours designated above will be the same across all sites. Specific requirements for established off-campus environments will be completed by the on-site supervisor and according to guidelines established by SUNY New Paltz.
Prerequisites:

- Matriculated student in the School Counseling Program.
- Completion of the following courses with B grade or better:
  - COU535: Foundations in School Counseling

**Applying for internship.** Students who meet the prerequisite requirements and wish to begin internship must submit an internship application (See Appendix M) prior to Spring Break. By the end of the relevant semester, the counseling core faculty, along with any other instructors teaching the core counseling courses, meet to review all students who have applied for entry into internship. Students are assessed in terms of their academic performance, professional development, and personal development. A “Developmental Feedback Form” (Appendix O) is completed, which includes numerical ratings of student performance in the three areas, as well as written feedback. Counseling Faculty Advisors meet with their advisees to share the feedback on this form. Students are provided a copy of the form, another copy is placed in the student files. Any student who is not making satisfactory progress in all three areas by the end of the semester is held back from proceeding to internship; further, the remediation process is initiated in order to address the deficits.

In order to take the internship classes, a student must be offered an internship placement by an approved site. Even if given the go-ahead by the faculty, students are never guaranteed internship placements; the offer of a placement is always at the discretion of the training sites.

Importantly, placement sites always reserve the right to determine which students will be placed at their site. At any time before or during a placement, should a site determine that a student is not fit to continue with a placement, then the site can dismiss the student from the placement. Further, all students completing the first semester of their year-long internship will be evaluated before being allowed to proceed to the second semester.

**INTERNERNSHIP SELECTION PROCESS**

Below is a step-by-step overview of the intern selection process.

**Intern Selection Process (with tentative dates):**

- **February:** Students will begin contacting approved sites for interviews.
- **Mid-March:** Developmental Feedback Request Forms due.
- **Late-March:** All interviewing must be completed.
- **Early-April:** Sites will submit (preferably via email) to the Practicum and Internship Coordinator their rank-ordered preferences for students they wish to offer placements, indicating how many placements they have available and who is on their "wait list".
- **Mid-April:** Students will communicate to the Practicum and Internship Coordinator which of their placement offers they wish to accept.
- **The Practicum and Internship Coordinator will work with any students left unplaced after Mid-April to see if they can be matched with any sites that still have openings.**

**Note:** Receiving an internship placement is dependent on the student successfully completing her/his Spring coursework and being deemed ready to proceed to internship by the program. In the rare instance where a student is not ready, the Counseling Director will communicate with the site where the placement was supposed to take place to explain the situation and why the student cannot be allowed to proceed to the placement.
MANDATED TRAINING SESSIONS

CHILD ABUSE REPORTING TRAINING

Students in both the Mental Health Counseling and School Counseling degree programs must complete a child abuse reporting session prior to graduating. This session can be taken on campus at SUNY New Paltz, online, or from any approved training provider. For a list of approved providers, see http://www.op.nysed.gov/training/camemo.htm. To take the training online, go to http://www.childabuseworkshop.com/.

For the on-campus workshop, pick up a registration form at SCB 105. For more information, contact Deb Gould in SCB 105 at (845) 257-2874. She will assist students in making sure that proof of workshop completion is documented on their transcripts once the workshop is completed.

Otherwise, take the workshop on-line at www.childabuse.com and enter the registration code NewPaltz9 for the same rate as on-campus. This code only works for SUNY New Paltz students.

Students who take the workshop online or off-campus from an approved provider should have proof of workshop completion put on their transcript by sending copies of their workshop certificates of completion to Records & Registration in HAB 19 or faxing them to the attention of Elizabeth Shuipis at (845) 257-3103.

SCHOOL VIOLENCE PREVENTION AND INTERVENTION TRAINING

Students in the School Counseling degree program must complete School Violence Prevention and Intervention Training (SAVE) prior to graduating. This session can be taken on campus at SUNY New Paltz, online, or from any approved training provider. For a list of approved providers, see http://www.highered.nysed.gov/tcert/certificate/save.html. To take the training online, go to http://www.violenceworkshop.com/.

For the on-campus workshop, pick up a registration form at SCB 105. For more information, contact Deb Gould in SCB 105 at (845) 257-2874. She will assist students in making sure that proof of workshop completion is documented on their transcripts once the workshop is completed.

Otherwise, take the workshop on-line at www.violenceworkshop.com and enter the registration code NewPaltz9 for the same rate as on-campus. This code only works for SUNY New Paltz students.

Students who take the workshop online or off-campus from an approved provider should have proof of workshop completion put on their transcript by sending copies of their workshop certificates of completion to Records & Registration in HAB 19 or faxing them to the attention of Elizabeth Shuipis at (845) 257-3103.

DASA (DIGNITY FOR ALL STUDENTS ACT TRAINING)

Prior to graduating, students in the School Counseling program must complete the Dignity for All Students Act training (DASA). On-campus workshops will be offered toward the end of each semester and at our local BOCES Center for School Safety (845/255-8989, 175 Rte 32 North, New Paltz, NY 12561, http://www.ulsterboces.org/SchoolSafety.cfm?subpage=763). Registration forms will be available the month prior to the workshop. Check the School of Education website for an updated schedule of on-campus DASA trainings: http://www.newpaltz.edu/schoolofed/certification.html

If you complete an off-campus training, you must have your DASA workshop documented on your permanent record for graduation by sending a copy of your workshop certificate of completion to Records and Registration in Haggerty Administration Bldg, Rm 19, or by faxing it to 845/257-3103, attn.: Rita Cancelliere, or by emailing it to recreg@newpaltz.edu.
LIABILITY AWARENESS AND MALPRACTICE INSURANCE

In light of the prevailing legal climate and increased litigation in the United States today, it is increasingly apparent that counseling trainees must have adequate liability coverage for themselves during their training period. Therefore, each student must present evidence of adequate personal liability coverage. Students must have insurance coverage in the minimum amount of $1,000,000 incident/$1,000,000 aggregate.

Student membership in the American Counseling Association makes students eligible for free malpractice insurance that meets or exceeds the above requirements. See the student page of the ACA website for details: http://www.counseling.org/Students/.

In providing this information about ACA’s free insurance for student members, SUNY New Paltz is not endorsing or recommending this coverage. It is the student’s responsibility to evaluate the insurance available prior to choosing a particular company. The student may choose to use his/her own personal insuring agent if that company can provide satisfactory coverage.

Students will be asked to present evidence of coverage at the first class meeting of each course involving a training component. Evidence of coverage consists of a photocopy of the cover page of the insurance policy that shows the student’s name, social security number, policy number, and dates of coverage. Courses where proof of insurance is required are: COU 530, 535, 771, 772, 781, and 782.

If a change occurs in a student’s insurance during clinical course work, the student is required to notify immediately the current instructor(s).

CACREP STANDARDS

The School Counseling Program is currently in the process of seeking accreditation through the Counsel for the Accreditation of Counseling and Related Educational Programs (CACREP). Therefore, the faculty of the School Counseling program follows the CACREP Professional Counseling Competencies (2009). CACREP outlines common competencies for all accredited programs in eight core areas. Furthermore, CACREP has standards for counseling specialization (e.g., clinical mental health counseling, school counseling, couples & family counseling). The core and school counseling competencies are described in detail in Appendices N and O respectively. CACREP standards related to practicum and internship are described below.

SITE SUPERVISORS

Site supervisors must have the following qualifications:
1. A minimum of a master’s degree, preferably in counseling, or a related profession
2. Relevant certifications and/or licenses
3. A minimum of two years of pertinent professional experience in the specialty area in which the student is enrolled.
4. Knowledge of the program’s expectations, requirements, and evaluation procedures for students.
5. Relevant training in counseling supervision.

Orientation, assistance, consultation, and professional development opportunities are provided by counseling program faculty to site supervisors.
Supervision contracts for each student are developed to define the roles and responsibilities of the faculty supervisor, site supervisor, and student during practicum and internship.

**PRACTICUM**

- Students complete supervised counseling practicum experiences that total a minimum of 100 clock hours over a full academic term that is a minimum 10-week academic term.
- Practicum students complete at least 40 clock hours of direct service with actual clients that contributes to the development of counseling skills.
- Practicum students have weekly interaction with supervisors that averages one hour per week of individual and/or triadic supervision throughout the practicum by a site supervisor who is working in biweekly consultation with a program faculty member in accordance with the supervision contract.
- Practicum students participate in an average of 1 ½ hours per week of group supervision that is provided on a regular schedule throughout the practicum. Group supervision must be provided by a counselor education program faculty member.
- Students are covered by individual professional counseling liability insurance policies while enrolled in practicum and internship.
- Supervision of practicum students includes program-appropriate audio/video recordings for use in supervision or live supervision of the student’s interactions with clients.
- Formative and summative evaluations of the student’s counseling performance and ability to integrate and apply knowledge are conducted as part of the student’s practicum.
- In addition to the development of individual counseling skills, during *either* the practicum or internship, students must lead or co-lead a counseling or psychoeducational group.

**INTERNSHIP**

- After successful completion of the practicum, students complete 600 clock hours of supervised counseling internship in roles and settings with clients relevant to their specialty area.
- Internship students complete at least 240 clock hours of direct service.
- Internship students have weekly interaction with supervisors that averages one hour per week of individual and/or triadic supervision throughout the internship, performed by the onsite supervisor.
- Internship students participate in an average of 1 ½ hours per week of group supervision provided on a regular schedule throughout the internship. Group supervision must be provided by a counselor education program faculty member.
- Students are covered by individual professional counseling liability insurance policies while enrolled in practicum and internship.
- Supervision of internship students includes program-appropriate audio/video recordings for use in supervision or live supervision of the student’s interactions with clients.
- Formative and summative evaluations of the student’s counseling performance and ability to integrate and apply knowledge are conducted as part of the student’s internship.
- In addition to the development of individual counseling skills, during *either* the practicum or internship, students must lead or co-lead a counseling or psychoeducational group.

**SITE VISITS BY UNIVERSITY FACULTY**
All student practicum and internship sites will be visited by one of the counselor education faculty (typically the Practicum and Internship Coordinator) at least once during the academic year. The purpose of the visits is to orient site supervisors and/or program directors to the Mental Health Counseling program, to verify that sites can meet our requirements, and to develop an ongoing relationship that serves the needs of both the site and our students.
APPENDICIES

The pages that follow include copies of the many are the forms you will need as you work with our students during their practicum and internship experience. Printable copies of these forms, along with a downloadable Microsoft Word template for students to use for theses, are available online via the Counseling Program website (http://www.newpaltz.edu/psychology/graduate/counseling_forms.html). You will find these forms in the pages that follow:

A. Call for Student Professional Competency Review
B. Professional Counseling Competency Performance Evaluation
C. Practicum/Internship Student Learning Objectives (SLOs)- These are the course objectives that we expect our students will master by the time they graduate from our program. They are useful reference points for you in your supervising your intern.
D. Site Supervisor Evaluation Form: Practicum & Internship- The site supervisor completes these forms electronically during the practicum and internship semesters. These forms should be completed by the site supervisor at both the midterm and semester end time points. It is hoped that the site supervisor will discuss her or his evaluation of the student counselor during a supervision session.
E. Audio/Video Recording Policy
F. Audio/Videotape & Case Presentation Consent Form
G. Certification of Client Consent Form
H. Field Site Confidentiality Agreement
I. Practicum & Internship Site Agreement- This is an agreement that outlines the mutual responsibilities of the practicum site and the Mental Health Counseling Program. It is sent to the site for signatures when the student is accepted for the practicum.
J. Weekly Hour Log
K. Semester Hour Log
L. Practicum Application Form
M. Internship Application Form
N. Graduation Application Form
O. Developmental Feedback Form
P. Site Supervisor Evaluation of Program Form- This form should be completed by the site supervisor at the end of the student counselor’s tenure with the site. This form can be anonymous and provides valuable information to the program faculty.

600 Hawk Drive
New Paltz, NY 12561-2440
Audio and/or video-recordings of counseling sessions during your Practicum and Internship experiences are for the sole purpose of development, review, reflection and refinement of professional counseling skills. These audio and/or video-recordings are for graduate level instructional purposes only.

The Counseling Program highly values and requires audio or video-recording at all practicum and internship sites. The Counseling Program has developed the following guidelines for the audio and/or video-recording of individual and group sessions by graduate Practicum and Internship students:

- Any recording of counseling sessions by graduate practicum and internship students is to be used for supervision and/or educational/training purposes only.
- The content of such recordings are not to be disclosed to any person except the student’s site supervisor, designated SUNY New Paltz graduate counseling program faculty, and counseling trainee graduate students involved in group supervision.
- For the purposes of adequate supervision, audio or video recordings need to be at least 20 minutes in length.
- All recordings and recording transcripts should be treated as personal health information (per HIPAA Privacy Rule) and should be kept locked and secure at the field site when not under review.
- Recordings can only be transported (from site to SUNY New Paltz) when they are not labeled with any client identifying information.
- All recordings are to be erased immediately after completion of supervisory review.
- Such audio and/or video-recording will be completed only with the full knowledge and approval of the client(s), site supervisor and agency administration.
- Clients should be informed (1) that the counselor is a counselor-in-training, (2) that the tape is used for training purposes only and will be reviewed by the on-site supervisor, the faculty supervisor, and counseling trainee graduate students involved in group supervision, (3) that they (the clients) have the right to refuse their audio tapes be used for this purpose, and (4) how long the consent is valid.
- Clients must sign a Recording Consent Form (Appendix F or site form containing identical information), which must be on file with the site supervisor prior to any audio and/or video-recording of student counseling sessions.
- The Recording Consent Form will remain on-site with the supervisor. However, prior to any case presentation or audio/video tape being shared in group supervision, the on-site supervisors must certify, by signing the Certification of Client Consent form, (Appendix G) that a Recording Consent Form (or similar form) is on file and that the client has been informed (1) that the counselor is a counselor-in-training, (2) that the tape is used for training purposes only and will be reviewed by the on-site supervisor, the faculty supervisor, and counseling trainee graduate students involved in group supervision, (3) that they (the clients) have the right to refuse their audio tapes be used for this purpose, and (4) how long the consent is valid.
- Students must complete the Field Site Confidentiality Agreement (Appendix H) verifying that they agree to abide by the policies in protecting the client’s confidentiality and privacy in the handling and transportation of the audio or video tape. Violating the confidentiality of a client is considered an ethical breach of conduct.
I grant ______________________ permission to conduct audio or video recording and conduct case

The responsibilities of the School Counseling Program of the State University of New York at New Paltz, hereinafter referred to as the “College”:

1. The College will assume full responsibility for planning and execution of the educational program in School Counseling (e.g., programming, administration, curriculum content, the requirements for matriculation and graduation).

2. The College will screen students for potential assignment to the School District based on (a) a determination of readiness (i.e., successful completion of prerequisite coursework, recommendation from faculty members familiar with the school counseling trainee that the trainee has consistently demonstrated maturity, responsibility, diplomacy and respect for others that is required to fill the multifaceted roles of school counselors); and (b) expressed interest by the trainee in the population served by the School District.

3. The College will assign a faculty instructor to teach the two externship classes in School Counseling: Foundations of School Counseling (COU535) and Ethics and Professional Orientation: Internship in School Counseling course (COU781/782). The faculty instructor will be responsible for the following:
   a. conducting weekly on-campus meetings with school counseling trainees, individually or in a seminar setting, to guide, supervise, critique and evaluate the trainee’s clinical experience in school counseling for the College;
   b. ensuring that the course requirements for the practicum or internship are met through review of activity logs prepared by the school counseling trainee and verified by the trainee’s site supervisor provided by the School District.
   c. establishing and maintaining contact with the School’s site supervisor to monitor the school counseling trainee’s performance; and
   d. formally evaluating the school counseling trainee’s performance at the end of the clinical experience for the College with input from the trainee’s site supervisor provided by the School District.

4. The College will instruct its school counseling trainees and faculty instructors to respect the confidential nature of all information, which they may obtain from students, parents, school personnel, and school records. This shall include any audio or video taped recordings of interviews with school counseling trainees and students with said recordings only to be made after written permission is obtained from the appropriate School District personnel, the student, and the student’s parents/guardians. Furthermore, it is understood that said recordings are to be played in supervision sessions with the school counseling trainee’s on-site supervisor and faculty instructor only and shall be erased/destroyed no later than the conclusion of the student’s clinical experience with the School District.

5. The College will keep records and reports of the activities of school counseling trainees in the School District for the purpose of verifying that each trainee has completed course requirements and for use in future accreditation reviews by relevant educational oversight and accreditation organizations. These records shall include logs that document contacts with students and collaterals and other activities attended by school counseling trainees such as case conferences, in-service trainings, child study meetings, and consultations with parents and school personnel. Records and reports retained by the College will not contain student-identifying information.

I agree to the above mentioned responsibilities.

Director, Counseling Graduate Program   Faculty Instructor, Foundations of School Counseling
State University of New York at New Paltz   State University of New York at New Paltz
The responsibilities of [Name of School District], hereinafter referred to as the “School District”:

1. The School District will make the final decision on the selection of trainees for the clinical experience based on information provided by the College and the results of interview(s) with trainees screened by the College. Nothing in this agreement shall require the School District to accept any student proposed by the College.

2. The School District will assign a site supervisor to each student selected who shall be

   a. a New York State certified and tenured as a School Counselor
   b. working in a school counseling program built upon the tenets of the American School Counseling Association’s (ASCA) National Model for School Counseling or the New York State Comprehensive K-12 School Counseling Program standards
   c. have sufficient knowledge of the School District’s policies and procedures relevant to the provision of school counseling services in order to provide on-site supervision to assigned school counseling trainees.

Any deviation from these requirements will require review and approval by the Director of the College’s School Counseling Program. This supervision shall include the following responsibilities:

   a. providing trainees taking Foundations of School Counseling (COU535) with a one-semester practicum that includes 100 hours of school counseling training with at least 40 of these hours being direct service working with students, including individual and group work. (This averages out to approximately 8-10 hours a week at the practicum site);
   b. providing trainees taking Ethics and Professional Orientation: Internship in School Counseling (COU781/782) with a year-long internship that consists of 600 hours of school counseling training over the two semesters with at least 240 of those hours being direct service to students, including individual and group work (This averages out to approximately 18-20 hours a week at the internship site);
   c. assigning students to school counseling trainees so that trainees may gain experience with individual and group counseling, and classroom guidance;
   d. providing school counseling trainees with variety of experiences commensurate with school counseling responsibilities, including but not limited to consultation with teachers, administrators and parents, participating in Child Study or Pupil Personnel Team meetings; academic counseling and scheduling, and attending district wide counseling meetings;
   e. ensuring that trainees are oriented to relevant policies, procedures and practices of the School District such as how services are documented in the School District;
   f. meeting with assigned trainees at least one hour per week to discuss and critique their work with students, parents, and school personnel and offer professional guidance and support as needed and appropriate;
   g. providing feedback to the faculty instructor about the school counseling trainee’s performance; and
   h. attesting to the student’s completion of school counseling activities, including completing a formal written appraisal of the trainee’s performance at the middle and conclusion of the training experience in school counseling.

3. The School District will inform the College and trainees during the evaluation process of all requirements that need to be met prior to placement as an intern student in the School District (e.g., criminal background clearance, approval of driving record).

4. The School District/Site Supervisor will inform the trainees of the School District’s policies, rules, standards of professional conduct, schedules and practices that trainees are expected to follow. If, in the course of the school counseling training experience in the School District, the assigned trainee behaves in a manner that is in violation of these policies, rules, standards or practices, the School District will immediately notify the assigned faculty instructor or the Director of the Graduate Counseling Program. One of these representatives from the College will facilitate a meeting involving the trainee and appropriate School District and College personnel to discuss the issues and develop an action plan that will require changes in the behavior of the trainee and may include additional education, guidance, monitoring or supervision by the faculty instructor and/or site supervisor. The School District reserves the right to end the school counseling training experience of any trainee for
a single serious violation or a pattern of behavior that is inconsistent with the School District’s policies, rules, standards or practices.

5. The School District will **make rooms available** for school counseling trainees that are private, have appropriate furnishings and are materially free of distractions in order to conduct individual and group counseling services. The School District will also make available space that is equipped for trainees to conduct other professional activities, such as reviewing student records, doing required charting, making phone calls, and conferring with other professionals and collaterals.

6. The School District will provide students with the opportunity to develop program-appropriate audio/video recordings for use in both the individual on-site supervision and the in-class group supervision; opportunities for live supervision of student interactions with clients are also encouraged when possible.

I agree to the above mentioned responsibilities.
