

IUP-TV INTERNSHIP

Students in the IUP TV Internship will learn how to work all of the major studio facilities on IUP's campus and expected to fill in on audio, video, and graphics projects. This experience is realistic to a production field job and is highly collaborative. We produce content in all areas of the communications field including department promotional materials, shows for IUP-TV and IUP-FM, and projects for the community. Students will be able to leave with multiple productions for their resume, possible references from inside and outside of the department, and realistic work experience.
