

Application for Field Camp Support

The Geology Department has established the Geology Field Fund through generous donations of Union College Geology Alumni. Part of the purpose of this fund is to help all of our students get an opportunity to go to field camp. To ensure a fair allocation of limited funds, your application will be evaluated by the Geology Department on the basis of scholarship and need. You are encouraged to apply even if you do not presently receive financial aid.

Applicants must apply to at least one field camp, though final arrangements need not have been made by the deadline below. Applicants must be sure that they meet the criteria for each camp to which they apply (e.g., have taken petrology and structural geology, if required). The award will be paid directly to the field camp which you attend.

Please fill out this form and submit to the Geology Department Chair. Use extra pages for explanations, if necessary.

**Application deadline is April 1, or the first weekday thereafter, each year.
Late applications will not be considered.**
