Engage Learners Through Visual and Spatial Technology

Explore and discuss how we are empowering students to make their thinking visible through the effective use of technologies like Mixonium and Google My Maps.

- Lucidchart
- Mixonium
- Google My Maps
- iMovie
- Pathbrite
- SUTORI
- Prezi

Technology

- What is it?
- How to use it?
- Tutorials, Sample projects
- Project ideas
- Technology specific examples
- Project description
- Assessment rubric
- What are the desired learning results?
- What is the acceptable evidence?

- Professor
- Student
- Projects
- In-class workshop
