

ECE-498 Grading

Task	Percent of Grade	Comments
Amount and quality of progress and self motivation	50%	Based on amount and quality of project progress. The following must be completed by the end of term: SRG application, complete design and specification, including block diagrams, software specification, and parts lists.
Web	5%	Based on how well the project is represented to the public. Must include: project introductory page, background paper, design specification, links to presentations given, any information relevant to your project including pictures and links
Project paper	20%	Based on report clarity, completeness, organization, and format. Paper should follow the format posted on Nexus.
Presentation	15%	Based on content, visual aids, delivery, and responses to questions.
Attendance at seminars	5%	Grade will be lowered (as an example from B to B-) for missing more than 2 seminars without a proper reason.
Attendance and preparation for weekly meetings	5%	Based on attendance and quality of preparations for weekly meetings.
