

Happy Valentine's Day!

Dear Parents,

On Friday, February 14th our class will be exchanging valentines. I have attached a list of the children's names and an assigned number. I will ask that you use this information on the outside of each of your child's valentine. (Students may write names and numbers or use the attached sheet to cut and glue to the envelopes if you would like). Students should sign their name on the back of each valentine. Students should then put their envelopes in numerical order placing #1 on top. Wrap them up tightly with a rubber band or baggie to keep them from getting mixed up on the way to school.

I encourage you to take some time to assist your child in his/her valentine preparations. Valentines may be brought in between Monday, February 10th until Friday, February 14th. The children will have the opportunity to pass out their valentines as they come in. We will decorate bags for the valentines this week. On Friday, February 14th, the children will have an opportunity to open their valentines and bring them home. Thank you in advance for your support of this home project. Please feel free to contact me if you have any questions.

Best regards,
Mrs. Strauss

******While many commercial valentines come with candy items, we ask you to refrain from including candy or food with valentines due to food allergies in our school.**
