

SUSTAINABLE SYSTEMS I INTRODUCTION

NAME:

- 1) What are your goals for this class, what do you hope to learn?

- 2) How do themes of resiliency/sustainability connect to your work and life, and do you have any background working with these topics?

- 3) How does it feel to design for changing conditions (instead of for solutions)?

- 4) How might you define something called “long-life design”?

- 5) Have you experienced a work of art/design related to topics of sustainability or resiliency that you enjoyed? When and where?

- ++) Anything I should know about you or how you learn that would be helpful in class?
