

Fury the Bat Chapter 5

"What happened to your parents," said Fury.

"They were kidnapped by a guy," he said.

"At least they are in a better place. I think they were sent to something called the zoo. I was sleeping when the guy attacked and took my parents.

"There is a cave, let's go fly in it," Fury said. They flew on the cave and found Fury's parents.

"Mom! Dad!" Fury screamed. A knife came flying and barely hit Fury in the wing.

"Who's there?" Fury screamed. "I am," said a voice and a man came out.

"I'm going to eat you when I'm done beating you," he said. Fury attacked the guy and slashed him in the eye. While the guy was recovering Fury freed his mom and dad and they attacked.

The last thing the guy saw was a butterfly and 3 bats.

"Mom Ben helped me find you, can he come and live with us?," Fury asked.

"Ok," mom said.

"Yay," Ben and Fury screamed.

That day, miracles happened.
