MEng in Computer Science at Cornell Tech
Graduation Requirements: 30 Credits
2020-2021 Academic Year

Technical Courses (18 credits)

☐ CS 5112 Algorithms and Data Structures for Applications or CS 5356 Startup Systems Design & Engineering* 3

*It is strongly recommended that you take one of these courses, but not required.

☐ 15 additional technical course credits [choose from CS, ORIE, ECE, and INFO courses]

Course Name: ___________________________  # of credits: _______
Course Name: ___________________________  # of credits: _______
Course Name: ___________________________  # of credits: _______
Course Name: ___________________________  # of credits: _______
Course Name: ___________________________  # of credits: _______

Please note: Students must take at least 18 credits from courses that are advanced and technical (5000 or above). At least 15 of those credits must come from CS courses that are not practicums, seminars, independent studies, or projects. Most technical courses are three credits each.

Required Studio Courses (8 credits)
All Studio courses must be taken for a letter grade.

☐ TECH 5900 Product Studio 4
☐ TECH 5910 Startup Studio or TECH 5920 BigCo Studio 3
☐ TECH Studio Elective: ___________________________ 1

Please note: TECH 5300, TECH 5310, TECH 5320 do not qualify as Studio electives.

Electives (4 credits)

Select from business, law, studio, and technical electives offered on campus.

Please note: TECH 5310: Business Fundamentals must be taken as a prerequisite for all business courses.

Additional Requirements

• Students may take a maximum of 2 graded credits as S/U. Courses that are only offered S/U do not count towards this 2 credit maximum.
• All students must receive a B or higher in either TECH 5900, TECH 5910, or TECH 5920.
• Only classes with a grade of C- or higher will count towards a student’s degree requirements.
• Students must maintain at least a 2.5 GPA. Students who are not in good standing may be asked to leave the program.
