Stainless Steel TYPES 304 & 316 Chain Specifications

The dimensions table below show our standard imported stainless steel chain made to NACM specifications and US made stainless steel chain that also conforms to NACM (5/32, 3/16, 5/16 and 3/8) dimensions. You will also find US and French made stainless steel chain that conforms to Gr 40 (G4) and triple B (BBB) windlass chain (also called "ISO short link") specifications in 1/4, 5/16, 3/8 and 1/2" sizes.

Important note: imported chain may vary by several thousandths from one batch to another. If chain dimensions are critical to your application please advise us at the time of order and we will double check current stock for you. Both TYPE 304 and 316 have the same dimensions.

NOT FOR OVERHEAD LIFTING.
