### **Student Government Association Mission**

*The Student Government Association's mission is to empower student organizations, embody student opinions, preserve student integrity, and enrich the student experience.*

## President

*Graduate Student Body President: Lea Harris (she/her), [lea.harris@gatech.edu](mailto:lea.harris@gatech.edu)*

### Summer and Fall 2020 Projects

- **Covid-19 Recovery Task Force**, *created in April 2020 and charged with the mission of leading Georgia Tech operations in the reopening of facilities and laboratories and returning to in-person instruction.*
  - Helped lead the creation, release, and presentation of the “Undergraduate and Graduate Student Return to Campus Survey - Summer 2020” and “Classroom Experience Survey and Focus Groups - Fall 2020.”
    - Summary reports of these can be found at <https://comm.gatech.edu/moving-tech-forward/surveys>. Results from these student surveys have shaped SGA advocacy and decisions made within the Task Force.
  - Provided weekly critical student updates and advocacy to the task force as it pertains to student life, academic services, campus services, on campus Covid-19 testing, and preparation for Fall 2020 and Spring 2021 semesters.
    - Continued advocacy and elevating international student concerns around access to educational resources during Covid-19 and the negative impact of the changes to OPT and DHS/ICE rulings this summer and fall.
  - Supported the Fall 2020 graduate student town hall and helped moderate the all students and family Spring 2021 town hall.
  - Collaborated with Georgia Tech Human Resources and Health Initiatives in critical student needs around mental health and support systems for working students and the overall student body.
- **Graduate Faculty Council**, *council of broader college units moderated by the Vice Provost of Graduate Education and Faculty Development for the purpose of discussing graduate student and campus-wide needs.*
  - Led discussion around faculty mentorship and advising needs, advocating for campus-wide updates for feedback and systems of support, accountability, and understanding student support prior and post pandemic.
- **Mental Health Joint Allocations Committee**, *manages the dispersal of the \$1M fund allocated from SGA and Georgia Tech administration in October of 2017 for mental health related initiatives across campus.*
  - Internal discussion with committee members around the future of committee expansion to include mental health professionals and key campus stakeholders.
  - Supported committee through external discussions with Dean Stein and President Cabrera to potentially extend the committee charter past June 2021.
  - Worked with the GT Legal Team to update allocations process and procedure to ensure content neutral practices and decisions in order to continue allocations.
- **Mandatory Student Fee Advisory Committee**, *charged with reviewing the current mandatory fee levels and making recommendations for fee levels for the upcoming fiscal year.*
  - Student committee members and SGA have highlighted the importance of and are committed to not raising aggregate mandatory student fee levels for students in FY22, especially with the negative impacts of the Covid-19 pandemic.

- SGA advocated for the increase of the Student Activity Fee by \$10 per semester per student, an increase intended to better support the growing needs of student organizations.
- All unit presentations and meeting details from this semester can be found [here](#) and student representative statement found [here](#).
- **Georgia Tech Police Department Reform Efforts**
  - During Summer 2020, supported efforts to meet with GTPD and build a system of reform around current training practices, policies, data transparency, and outreach to engage with a diverse community and understand student experiences.
  - Advocated and participated in the initial phase of student engagement in the prospective GTPD hiring processes.
- **Internal Student Advocacy**
  - Co-writing of Graduate Executive Leadership [letter](#) on behalf of SGA in response to the murder of Ahmaud Arbery in May 2020 and supported a joint Graduate and Undergraduate SGA [statement](#) in support of Black Lives Matter and charges for racial justice within Georgia Tech along with continued necessary campus engagement and discussions around necessary changes from the Institute.
  - Led a platform discussion with the new Provost, Steve McLaughlin, and a coalition of graduate student leaders across campus to provide a baseline for graduate student needs in academics and services on the institute level.
  - Led faculty discussions around graduate student advising, mentorship, and engagement needs to the Faculty Senate and Academic Unit Leadership.
  - Co-leading a joint GSGA and GT Alumni Association effort to develop graduate engagement media aimed at incoming graduate students to learn more about Georgia Tech history and traditions.
  - Leading discussions with online MS students to determine support systems and advocacy from SGA and the institute.
- **External Student Advocacy**
  - International Student Advocacy: Following the examination of the executive order to change and suspend the Optional Practical Training (OPT) program in the Summer of 2020, Graduate and Undergraduate SGA elevated international student concerns regarding the negative impacts to H1B/OPT/Work Visa status to Georgia Tech administrators and government affairs representatives. GSGA signed onto a public letter to the President of the United States regarding the detriments to the international population from the changes to the OPT program.
  - SGA partnered with Georgia Tech International Ambassadors to advocate against the September 25, 2020 rule proposed by the Department of Homeland Security that would arbitrarily limit international student visa lengths and place additional restrictions on student visas based on an individual's country of origin. You can read the letter sent to Senators Perdue and Loeffler [here](#).
  - Title IX Advocacy: Following the Department of Education's reforms to Title IX sexual assault complaint procedure, Undergraduate and Graduate SGA partnered with other University System of Georgia SGAs to successfully lobby the University System of Georgia to adopt a survivor-focused Title IX procedure that prioritizes the mental health and well-being of survivors. Our new Georgia Tech policy can be accessed [here](#). You can read our advocacy letter to USG [here](#).

- GA Legislative Advocacy: Presented on October 15th to GA Legislative Staff, with the Undergraduate SGA President, an overview of the impacts of the pandemic and legislation on funding and international students, the state of the student body and its contribution to the GA community, and needs of continued support from the Federal Government.
- **SGA Policy Update and GSGA Restructuring**
  - In August 2020 the University System of Georgia mandated Georgia Tech to adopt a new financial allocations policy, effective immediately, to ensure content neutral practices and decisions. This change relocated funding allocation responsibilities from the Graduate Student Senators to the Joint Allocations Committee. Since this enactment, GSGA has taken this as an opportunity to review our internal structure and how it can best serve the student body, we have entered into a partnership with Georgia Tech Strategic Consulting to evaluate our advocacy and find opportunities of improvement.
  - **Committee for Strategic Assessment and Navigation (CSAN)**, a graduate SGA ad-hoc committee charged with reviewing the long-term function and operating procedures of the GSGA.
    - Acting as a voting member from the GSGA executive branch and supported the committee in creating a constructive outline around the future goals of GSGA as it pertains to how it serves the student body.
- **JED Campus Team**
  - Georgia Tech is entering into the second year of a four year long assessment and implementation program with The JED Foundation, an external organization that helps schools evaluate and strengthen their mental health, substance abuse and suicide prevention programs and systems to safeguard individual and community health. This semester, the campus team received the Campus Feedback Report and from it is now in the process of creating a strategic plan, aligned with the Institute's new strategic plan, within identified sub-group committees.
- **Faculty Governance Committees**
  - Faculty Executive Board, ex officio member
  - Faculty Senate, ex officio member
  - Georgia Tech Advisory Board, ex officio member
  - Georgia Tech Alumni Association Board of Trustees, ex officio member
  - Georgia Tech Athletics Association Board of Trustees, voting member
  - Georgia Tech Athletics Association Academic Committee, voting member
  - Georgia Tech Athletics Association Student Advisory Board, ex officio member
  - Commencement Speaker and Honorary Degree Committee, voting member
  - Georgia Tech Diversity, Equity, and Inclusion Council, ex officio member
  - Naming Committee, voting member
  - Faculty Services Committee, ex officio member
- **Search Committee Participation**
  - Provost and Executive Vice President of Academic Affairs, completed with the selection of Provost Steven McLaughlin

### **Spring 2021 Goals**

- Continue advocacy and support for the student body needs throughout the Covid-19 pandemic, with a special focus on graduate student mental health and support.
- Solidify efforts for increased stipends and advocating for not raising the mandatory student fee level in FY 22.
- Support and elevate student-led Diversity Equity and Inclusion initiatives to the administrative level.
- Work with administration to build tangible efforts to increase mentorship support and better advisor/advisee relationships with graduate students.
- Continue to set up a framework for SGA's internal restructuring efforts and support the different GSGA branch initiatives to serve the student body in Spring 2021.

This document listed a set of questions for the Office of International Education at Georgia Tech in reference to SEVP modifications that affect F1 and M1 students (dated: 6th July 2020). This is a set of questions that helped clarify the situation for GT grad students who are on F1 visas in Fall 2020.
- **Conference funds:**
  - Updated the conference funds policy. Link to the updated policy: <https://docs.google.com/document/d/1dhE-C8VtKPZYwPf2-YaYyNepAAsJRswQUyhRs4saGlg/edit?usp=sharing>.
  - Verified and allocated funds to twenty conference funds applications.
  - Verified and approved fourteen expense reports for conference funds.
- **Career development funds:**
  - Created a career development funds policy to accommodate the changes in travels amid the pandemic. Link to the updated policy: [https://docs.google.com/document/d/1Z\\_TRnfq8go4gqOgShgPsHQ-LkjDZCxaPwtvJpw\\_WnY/edit?usp=sharing](https://docs.google.com/document/d/1Z_TRnfq8go4gqOgShgPsHQ-LkjDZCxaPwtvJpw_WnY/edit?usp=sharing).
  - Verified and allocated funds to twelve career development fund applications.
  - Verified and approved seven expense reports for career development funds.
- **Matching funds:**
  - Initiated discussion with the College of Design to set up matching funds, making the funds-seeking process for students from the college more straightforward and easier.
  - Initiated discussion with the College of Liberal Arts to set up matching funds, making the funds-seeking process for students from the college more straightforward and easier.
- **Updated SGA website:**
  - Created a new web page of conference funds on the SGA website.
  - Migrated the information from the conference funds page on the old SGA website to the new one.
  - Updated the conference funds page with new conference fund and career development fund policies.
  - Updated the steps to apply for conference funds and career development funds to address the confusions that applications had.
- **Academic integrity committee:**
  - Met with the committee members on a monthly basis to discuss ways to promote academic integrity in schools/departments across Georgia Tech.
  - Contributed to creating a document to start conversations with the deans of the

colleges about how to improve communication between faculty and students about academic integrity in their respective courses. This document was a shared space for the committee to put together ideas for questions and comments we have for the respective deans.

- **Presentations/talks:**

- Represented Graduate Student Association at the Graduate Institute Orientation conducted by the Office of Graduate Studies.
- Panelist at “Preparing for Graduate School: Set Yourself Up for Success” conducted by the Office of Undergraduate Research.

### **Spring 2021 Goals**

- **Setup matching funds:**

- Setup matching funds with the College of Design:
  - Create a memorandum of understanding with the College of Design to finalize the procedure of matching conference funds.
  - Setup matching conference funds with the College of Design.
- Setup matching funds with the College of Liberal Arts:
  - Create a memorandum of understanding with the College of Liberal Arts to finalize the procedure of matching conference funds.
  - Setup matching conference funds with the College of Liberal Arts.
- Setup matching funds with the College of Computing and College of Business:
  - Start discussion and setup matching funds with the College of Computing and College of Business.
  - Create a memorandum of understanding with the colleges to set up matching funds.
  - Setup matching funds with the colleges.

- **Academic Integrity Committee:**

- Meet with the deans of various colleges to discuss how to promote academic integrity in their respective colleges.
- Discuss ways to promote academic integrity across Georgia Tech with the committee members.
- Create a document with the plans to help prospective committee members to start from where we will leave.

### **Summer and Fall 2020 Projects**

- GSGA budget submission for FY22
  - FY22 budget was submitted on 10/23/2020 (found [here](#)).
  - Major changes to the budget from FY21:
    - Stipends for the GSGA executive cabinet members will not be funded through the budget anymore according to the new RSO policy. Stipends will be submitted through the Center of Student Engagement.
    - Proposed budget allocates funds for Spring picnic, in addition to the Fall picnic.
  - CRIDC was not included in the budget as the event counts as fundraising, and RSO policy does not allow funding for fundraising events.
- CRIDC internal fundraising
  - The Treasurer and VP of Professional Development collaborated to raise funds for CRIDC from internal GT sources.
  - Funds were requested from the Office of the Provost, College of Engineering, College of Computing, College of Sciences, and the Executive Vice President of Research.
  - Decision was made to expand CRIDC awards to be used towards conference registrations, online classes, certifications and conference travel. Earlier, these awards were restricted as ‘travel awards’.

### **Spring 2021 Goals**

- Continue managing the Graduate Legislative Reserve and keep record of GSGA’s financial transactions.
- Review FY22 budgets submitted by RSOs with the Joint Finance Committee.
- Support the GSGA proposed budget at the budget review session.

### **Committee Memberships**

### **Summer and Fall 2020 Projects**

- **COVID-19 Response**
  - Signed onto a petition with other SGA members and campus activists during the summer of 2020 to demand that Georgia Tech prioritize scientific evidence and protect the health of students, staff, faculty, and essential workers
- **Georgia Tech Police Department Reform Efforts**
  - Part of the SGA Executive cabinet which met with GTPD throughout the summer to learn more about their trainings, rules, and current and past practices and specific changes to their policies.
  - Participated in discussions to allow students to participate in the interview process for prospective GTPD officers.
  - This led to three interview sessions that allowed students to engage with new GTPD officer candidates
- **Klemis Kitchen Project**
  - Initiated and participated meetings on the working of Klemis Kitchen, the food pantry of Georgia Tech
  - Initiated discussions on opening the access to Klemis Kitchen to all Georgia Tech students and not requiring proof of need.
  - Setup a virtual walkthrough of the Georgia State University pantry to understand their logistics, funding, and food donations, since they provide access to all students.
  - Started the process to partner with the Atlanta Food Bank to get food donations – applications start in January 2021.
  - Evaluated the logistics by speaking to maintenance and facilities for unrestricted Klemis Kitchen access to all students for Spring 2021.
- **Advising the new Provost**
  - Part of the committee consisting of graduate student who will advise Provost McLaughlin to achieve his goals for the graduate student community
- **GradChats**
  - Started the process of scheduling GradChats sessions – a graduate students led discussion sessions, aimed to promote a sense of community and discussing issues faced by graduate students.
  - Invited applications for GradChats facilitators from the Grad students community. Facilitators guide discussions and questions during GradChats sessions.
  - Received almost 40 applications for facilitators, helping us to serve more graduate students per session (1 facilitator per 10 students in the session)
  - Collaborated with the Women’s Resource Center, specifically Dani Lechner, the Program Coordinator for organizing Women’s specific GradChat sessions.
  - With help from Dani Lechner, held training sessions for facilitators so that they can perform the duties of GradChats facilitators more effectively.

### **Spring 2021 Goals**

- Continue advocating for increased access to Klemis Kitchen for all students at all times
- Plan to get more food donations by partnering with the Atlanta Food Bank to support existing donations to Klemis Kitchen.
- Hold general GradChats sessions biweekly interspaced between women specific GradChats sessions throughout the Spring 2021 semester.
- With inputs of Graduate students from these GradChats sessions, help engage the SGA Leadership with the campus leadership about issues pertaining to graduate students

## **Summer and Fall 2020 Projects**

- **Green Meetings**
  - Transferred and solidified plans for semesterly meetings designed to connect sustainability organizations on campus and facilitate collaboration between student groups.
- **Guide to Sustainability**
  - Finalized the first publication of the GT Guide to Sustainable Living, available on the SGA website under the sustainability page.
  - This document will be updated continually as new information becomes available, or as campus policies around sustainability change.
- **Sustainability Strategic Plan**
  - Drafted a sustainability plan for SGA based on input from numerous student leaders within SGA and without, creating a roadmap for Sustainability Committee's efforts as well as for SGA as a whole.
- **Dining Sustainability**
  - Worked with dining to help understand their impacts on campus sustainability during coronavirus.
  - Ensured that messaging around sustainability was as clear as possible, and worked to resolve issues around packaging usage and disposal.

## **Spring 2021 Goals**

- **Get WasteLess**
  - Transition our annual waste reduction event to a more covid-friendly delivery method.
  - Ensure access to the event is possible both for members of the GT community that are on campus as well as for those that are still unable to be on campus.
  - Ensure that the event still maintains the spirit of past years, so we can continue successfully hosting it both this year as well as in future years.
- **Sustainability Campus Plan**
  - Work with members of the administration to put together a comprehensive sustainability plan for campus, that takes the ideas from the strategic plan and creates clear, actionable goals around sustainability.
  - This plan will give guidance from a high level to different campus departments, allowing them to collaborate on sustainability related projects more easily and effectively.
- **Composting Expansions**
  - Ensure that the planned composting expansions are on track and still happen, so that all campus residents have access to easy, convenient composting services.
  - Verify that messaging and education around composting, both existing and planned expansions, is accurate and clear to minimize contamination and maximize efficacy of services.
