Contact Information

Lab Instructor:

Email:

Office Hours:

(You can expect to have your email messages returned within 24 hours except over the weekend when you should expect 48 hours)

Laboratory Coordinator: Atieh Tajik

Website: <http://sites.gsu.edu/geog1112/geography-1112-gsu/>

ATTENDANCE

No lab switching allowed

Attendance is required for all lab sessions

Students are expected to be present the entire scheduled lab period

Tardiness of more than 30 minutes will result in not receiving Professionalism points for the particular lab session

Being late at the beginning of the session will result in missing the quiz portion

Students can arrange and make up the missed work within a week if they can provide a valid written document such as doctor's note, police report, and jury duty letter. In order to arrange the make-up students are required to get in touch with the lab instructor within 24hrs of the missed lab date.

Make-up cannot be rescheduled and no show will result in receiving no credit for the missed work

Only one unexcused absence can be made up per semester by instructor's arrangement and within a week

Student athletes should provide an official letter to the lab instructor at the beginning of the semester

LAB EVALUATION/GRADING

A lab quiz will be performed at the beginning of each lab, assessing your knowledge of the previous lab

Once the quiz is distributed no student will be allowed in the room until the quiz is over

After a brief Prezi introduction students should start the completing the lab activity

The worksheets will be collected, graded and returned to students the following week

Lab exercises and questions must be answered and completed during the lab period; otherwise it is subject to no credit

Students are expected take part and contribute to the lab activities when working as groups in order to receive credit.

Copying partially or completely another student's laboratory work is a violation of university honesty policy and will be treated as such. At a minimum, a student that has infringed this clause will receive a 0 in the lab where the infraction was detected.

Overall performance, attendance, effort, and professionalism credit will be based on the instructor's judgment and according to the code (Refer to section in professionalism)

Lab grade is 25% of final grade for lecture

Lab Quizzes	20%
In lab assignments	70%
Professionalism (attendance, effort, participation)	10%

Final lab grade	100%

Introduction to Weather & Climate

PROFESSIONALISM

Professionalism addresses the respectful interaction between you and your peers and instructors.

Disruptive behaviors such as cell phone use, computer or tablet use for a task other than note-taking, doing work for another class, extended off-task conversations, arriving late to class repeatedly, and argumentative interactions with others.

The students are required to turn their cell phones off while they are in the lab room.

For health and safety reasons, food is not permitted during laboratory activities.

You may be asked to leave the room for such disruptive behaviors and your active participation grade may be impacted as a result of a lack of professionalism. Please refer to the section on disruptive behavior in the GSU undergraduate catalog (1050.30) and be aware that additional consequences can include withdrawing from the course. There is a zero tolerance policy for violence or harassment of any kind.

ACADEMIC HONESTY

The Department of Geosciences expects its students to adhere to the university's code of student conduct, especially as it pertains to academic conduct. (For the university's policies on academic misconduct, see in the student catalog, "Academic Honesty," or <http://www2.gsu.edu/~wwwfhh/sec409.html>). Students found in violation of these policies will be reported to the lab coordinator for appropriate action.

ACCOMODATIONS FOR STUDENTS WITH SPECIAL NEEDS

Students who need accommodations are asked to arrange a meeting during office hours or at another mutually convenient time during the first week of classes, or as soon as possible if accommodations are needed immediately. Bring a copy of your Student Accommodation Form to the meeting. If you do not have an Accommodation Form but need accommodation, make an appointment with the Office of Disability Services (Suite 230, New Student Center, (404.413.1560) to arrange for accommodations.

GEOG 1112- Laboratory Outline

Lab	Topic	Week
1	Exploring Urban Environments	1/22-1/28
2	Solar Radiation & Seasons	1/29-2/3
3	Stratospheric Ozone	2/12-2/18
4	The Troposphere	2/19-2/25
5	Air Pollution	2/26-3/3
6	The Carbon Cycle	3/4-3/11
7	Global Surface Temperature	3/12-3/25
8	Glacial-Interglacial Cycles	3/26-4/1
9	Temperature Changes over the Past Millennium	4/2-4/8
10	Recent Climate Variability and Change (Part 1)	4/9-4/15
11	Recent Climate Variability and Change (Part 2)	4/16-4/22
12	Future Climate Change	4/23-4/29
