

Dear Imagine Rising Sixth Grade Families,

We are so excited to welcome you to your new journey in Middle School. We are going to be here every step of the way to share information and to support your family with this transition. There are many changes coming your way and the first step into this adventure is course registration. In order to help each child understand what course offerings we have and choose appropriate courses, each child will sit down with a Middle School Faculty member to complete their initial registration process on Monday, March 20th. Most of your child's classes will be chosen for them based on their grade level and mathematical performance, but there are some choices for you to make. You will need to decide which fine art your champion will focus on as a 6th grade student. Auditions have been held for those interested in beginner band, so the remaining choices will be theater arts, chorus, and visual arts. There will be auditions for Honors Chorus in the coming weeks. Students will also rank choices for electives and will be placed based upon scheduling limitations and student interest. After they have been advised, your student will bring home their registration card for your signature. The registration card should be returned to the front office signed by Thursday, March 23rd.

Please be aware this is an initial registration process. Changes can and will be made as student's final grades are finalized for current courses and other needs arise.

To see a full list of all of our course offerings please visit our [Middle School Academics page](#). To understand the placement requirements for [Math](#) and [Fine Arts](#) classes, please click on the placement details pages for each subject area. If you disagree with the mathematics placement or fine arts selection, you have the right to submit a [waiver](#) to be reviewed by our Math or Fine Arts curriculum committee. Completed waiver forms should be submitted at the front office by Thursday, April 27th.

We know many of you are anxious to hear more about Middle School and we are excited to share detailed information with you about Middle School at Imagine on Thursday, April 27th from 6-8pm.

Welcome to Middle School!
Jesse Mitchell, School Counselor
Ryan Bell, Middle School Dean
Jenn Townley, Head of School
