

Welcome to Lufkin Middle School!

Your child is embarking on a learning journey through the middle school years, which will be unlike any other. In coming together from different elementary campuses, your child will have the opportunity to make many new friends with whom to share this unique experience.

It is our desire to make this transition from elementary to middle school as smooth as possible for your child. If there is an area of concern and we need to meet with you, please schedule a conference by calling the LMS office (630-4444) or by emailing your child's homeroom teacher. We encourage your help in making this a successful year for your child by attending and scheduling conferences as needed.

We look forward to teaching your child this year!
