

# This is a Global Learning Space

This is a collaborative space where everyone can be included regardless of location. You are encouraged to bring your own device—even if a cart or computer is present.

## Quick Connect

1. Connect the provided HDMI cable to your device.
2. Select **Share** on the Classroom Control Panel if you do not see your content on the display.

Learn more about connecting

## Wireless Sharing and Enhanced Engagement

### Standalone Meeting

1. Create a Microsoft Teams meeting.
2. Add the room email as a meeting participant.
3. Select **Join** on the Classroom Touch Panel.
4. Join the meeting on your device without audio.
5. Share the screen with the meeting on your device.
6. To record your meeting, select **More Actions** and **Start Recording**.

### Increase Engagement

Looking for opportunities to incorporate the classroom into a larger student engagement strategy? Create a meeting linked to Microsoft Teams.
