

# MobilityPrint - Print Anywhere

Print on and off-campus from any device.

## Visit the MobilityPrint Web Portal

The MobilityPrint web portal can be accessed by visiting <http://s.aints.co/mobilityprint> in a web browser. From this webpage you can download the browser extension or Windows app.

## Download the Application

From the MobilityPrint webpage, download the application specific to your computer. For Windows computers there is an application that can be download. For ChromeOS and Mac there is a browser extension available.

## Print With a MobilityPrint Printer

With the MobilityPrint application installed, SHU-Print will appear in the list of printers on the computer. This will be marked by either a Mobility tag or icon. When printing to this device you will be required to sign in with your SHU **username** and **password** to print. After logging in your document will be submitted to SHU-Print.

## Visit a Printer on Campus

Visit any Multi-function Printer (MFP) on campus to print your documents. At an MFP log in using your Student ID card or by using the touchscreen on the device. Once logged in, your documents will be waiting in the print queue for your account. Documents sent to the queue will stay there for 7 days before they are removed.
