

Low Cost Maintenance to Save Bridges

Free Training on December 4th from 1:00-2:30 pm (EST)

The AASHTO TSP-2 program, through the National Local Agency Outreach Working Group, is pleased to announce a **Bridge Preservation Training for Local Agencies**. This training is specifically designed as an introductory to understanding the basics of bridge preservation and is geared towards meeting the needs of local agencies.

The Delaware and Maryland T² Centers are pleased to offer this training opportunity at **NO COST**. Participants will gain a general understanding of why preservation is important, what activities are available and an idea of cost and degree of difficulty with performing the work. A variety of examples have been developed to help participants understand the importance of incorporating these easy activities into their work plan.

Deck Sealing

Concrete Deck Patching

Bridge Washing

Joints
