

## **Rotem Controller Workshops - 4 Workshops, 2 Days, 2 Locations**

(You only need to sign up for one session. 25 person limit per Session.)

Rotem's Controllers set new standards in the poultry industry. These controllers enable poultry farmers to raise their flocks under the best conditions possible, reduce operating expenses, while increasing efficiency. These Workshops will provide information on Rotem Controllers, whether you require a controller having a minimal number of relays or one capable of managing your entire operation, and which product will meet your requirements.

### **Day 1:**

**Thursday, December 14, 2017 - University of Maryland's Somerset County Extension Office**  
(30730 Park Drive, Princess Anne, MD 21853)
