How To Sign In to your UD Zoom Account

Access your account from the Zoom application for your live course

You can be logged in to one desktop app at a time. If you are already logged in on another computer, you will be logged out on the other computer. You can be signed in to the Zoom mobile app on multiple mobile devices simultaneously.

1. Launch the [Zoom application on your computer](#) or your mobile device.
2. If you are not logged in, you will see the [Sign In](#) window. If you are already logged in, you will not see the Sign In window and you can stop here.
3. Click [Sign In with SSO](#). Enter only [udel](#) for the SSO domain.
4. Login with your UD credentials when you see the UD Central Authentication Service (CAS) screen.

If you have questions, please contact the [UD IT Support Center](#).
