**A NIGHT OUT WITH CAUTION AND NOT COVID!**

**IT IS FRIDAY AND I WANT TO HANG OUT WITH THE FLOCK!**

Have you reviewed the COVID expectations for the state, city of Newark and UD for any updates?

- **NO** → **REVIEW THEM**
  - Stay in tonight. Check out what is happening online at the UD Student Hub!

- **YES**
  - I want to go to a friend's house.
    - Are you having friends over or going to a friend's house?
      - **NO** → **Review them**
        - If you have reviewed and plan to follow COVID expectations, then great! Grab your mask and head out!
        - If you have not reviewed and plan to follow COVID expectations, then you shouldn't go to your friend's house.
      - **YES**
        - While with friends, more than expected guests arrive. Should you leave?
          - **NO** → **Stay in tonight. Check out what is happening online at the UD Student Hub!**
          - **YES**
            - You shouldn't go to your friend's house.
  - I want to have friends over.
    - Can I limit my guest list to ensure I am complying with gathering expectations?
      - **NO** → **You shouldn't have friends over.**
      - **YES**
        - Invite your guests (remind them they cannot bring others).
          - **NO** → **You are not doing your part to protect the flock and putting yourself at risk of a potential conduct violation.**
          - **YES**
            - Your friends show up with masks. You keep the noise at a moderate level!
            - Uninvited guests show up. Do you ask them to leave?
              - **NO** → **You are not doing your part to protect the flock and putting yourself at risk of a potential conduct violation.**
              - **YES**
                - They totally understand and let you know they will catch up later.
      - Your friends show up with masks, you keep the noise at a moderate level!
      - They totally understand and let you know they will catch up later.

**OTHER THINGS TO CONSIDER**

- Are you able to social distance?
- Will everyone be wearing masks?
- Do you know if those attending the party have been exposed to COVID?
