

UNIVERSITY OF DELAWARE

DELAWARE

REHABILITATION INSTITUTE

Congratulations to our three 2020 DRI Summer Scholars!

These three students will be working with faculty members for ten intensive weeks to enhance their research experience here at UD!

A special thank you to the faculty that will be working with these students!

Katherine Hoppe, a Liberal Arts Engineering undergraduate student at Wheaton College, will be working with **Dr. Thomas Buchanan**, George W. Laird Professor in the Departments of Mechanical & Biomedical Engineering and the Director of the Delaware Rehabilitation Institute.

Kiely Konyak, an Exercise Science undergraduate student will be working with **Dr. Daniel White**, Assistant Professor in the Department of Therapy.

Emma Tinney, a Neuroscience undergraduate student will be working with **Dr. Curtis Johnson**, Assistant Professor in the Department of Biomedical Engineering.
