Help us learn about the development of knee arthritis after anterior cruciate ligament (ACL) reconstructive surgery

WHO IS ELEGIBLE TO PARTICIPATE?

- Individuals in 16 – 45 year age group
- ACL surgery within the past 3 months

WHAT IS INVOLVED?

Each eligible participant will:

- Complete a questionnaire about knee function and ability to perform activities of daily living
- Complete magnetic resonance imaging (MRI) scans, motion analysis testing (walking experiments employing muscle signal recording) and x-rays

COMPENSATION

Once enrolled, $150 compensation at each time point (3, 6 and 24 months)

HOW DO I BEGIN?
