HOUSE OF REPRESENTATIVES  
148th GENERAL ASSEMBLY

HOUSE AMENDMENT NO. 1

TO

SENATE BILL NO. 300

- 1 AMEND Senate Bill No. 300 by deleting lines 56 through 87 and substituting in lieu thereof the following:
- 2 “Improvement Commission. The appropriation establishes the Wilmington Redistricting Transition Fund. Any
- 3 requirements for additional State funding, including capital improvements that may be based upon revised transportation
- 4 feeder patterns, and the”.

SYNOPSIS

The amendment removes language obligating the Wilmington Education Improvement Commission and affected school districts to develop, before February 2017, a detailed assessment of the impact of transitioning City of Wilmington Students from the Christina School District to the Red Clay Consolidated School District. Such detailed assessment would require development of school- and student-level changes that require public input and facility analysis that cannot be completed in the timeframes in the original bill. Instead, they should be undertaken as part of the planning phase for redistricting upon commitment of necessary and sufficient funding.

The amendment preserves appropriation of \$200,000 to continue the work related to the Wilmington Education Improvement Commission, including analysis of fiscal impacts, and language clarifying and ensuring that any additional state funding requires further action of the General Assembly.
