Parent/Guardian Secure Services

Parent/Guardian Secure Services is a web application that allows UD students to share education information with their parents and guardians. Students set parent/guardian access through their [UDSIS-Student Center](#) and there indicate what specific components of education information they want to share.

Students may change their sharing information at any time. They will also be periodically prompted to review their Parent / Guardian sharing settings before logging into UD secure applications. Please be assured that the privacy and safeguarding of student personal information is a priority for UD, and is accomplished with industry-standard security practices. UD student education records are subject to protection under the [Family Educational Rights and Privacy Act \(FERPA\)](#).

Parents who have received an invitation from their student to view information create an account. They may login at www.udel.edu/parentservices or m.udel.edu, choosing **Parent/Guardian Services**, or at www.udel.edu, under "Quick Links", clicking "MyUD", then "Parents" in the top blue area and then **Parent/Guardian Secure Services**.

Parent questions regarding the information released to them should first be directed to the student.

Honors/Awards Academic view: This view, available for sharing, will list the following Honors/Awards on a student's record as they are earned:

- Dean's List
- General Honors Award

Frequently Asked Questions

FOR Parents

1. **My student has sent the invitation email but it has not appeared in my email INBOX.**
 - a) Confirm that your student has specified the email address you are checking.
 - b) The Parent / Guardian emails are sent from the address consult@udel.edu . To ensure these emails are not automatically routed to your Junk Mail folder, please use your email provider's instructions to "whitelist" this address or mark it as "safe". Then, have your student resend the invitation to your email address. Contact the IT Support Center at consult@udel.edu if you have further problems.
2. **My email invitation link says it has expired. What do I do now?**
Ask your UD student to resend your invitation.
3. **I completed the registration process but can't login to the Parent/Guardian Services Web**

Next Steps:

- Talk with your student about how they will share their academic progress and other information with you
- Encourage your student to:
 - ✓ Check their UDEL email account daily
 - ✓ Reach out for support early
 - ✓ Get to know their academic department
 - ✓ Think about internships, undergraduate research, study abroad, clubs and organizations

Have a Great Day!
