Research shows that treatment can help people addicted to drugs stop using, avoid relapse, and recover to a drug-free life. But addiction is complex, and no two people respond to treatment the same way. The most effective treatment addresses multiple needs of the individual — not only the drug addiction... www.helpisherede.com

Prevention | Help is Here Delaware

<https://www.helpisherede.com/Prevention#intro>

The importance of prevention. Prevention begins with education. Starting early can reduce the likelihood that you or someone you care about will become addicted or suffer long-term negative consequences from drug and alcohol misuse and abuse. Drug abuse comes in many forms, including: Underage use of legal drugs (e.g. tobacco and alcohol)
