Thanks to the generosity of Honors College donors, the Honors College has created Honors Enrichment Awards (HEAs). These awards are designed to assist students with funding for non-credit bearing enrichment activities related to their academic and professional pursuits. Honors students may receive awards totaling up to $3,000 during their time at UD. Please note that we typically receive more requests than funds available.

**Student Eligibility Requirements**: Full-time Honors College students with an overall grade point average of 3.40 or above are eligible to apply.

For questions and/or to request a meeting with an Honors College staff member: [HEA Questions & Meeting Request Form](#)

**HEA funds may be used for the following costs associated with the activity:**
- Transportation
- Lodging
- Program registration fees
- Conference registration fees (only if you are presenting at the conference)

**HEA funds may NOT be used for:**
- Personal expenses such as clothing, food, beverages (including alcohol), passport fees, optional excursions, and/or emergency funds
- Donations and mandatory fundraising for non-profits, service organizations, religious organizations, and other charities
- Tuition costs, salaries, payments to individuals, hardware or equipment such as computers, musical instruments, or camcorders

**Activities NOT eligible for funding:**
- Traditional study abroad programs
- Alternative spring break trips through UDAB or other University departments
- Conferences, unless you are presenting or participating in a poster session and your department is providing matching support
- Activities that will take place after your graduation from UD
- Trips to destinations listed on the US State Department’s travel warning page with a Level 4 distinction [here](https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories.html). “Note that the University normally does not permit institutionally funded student trips to countries on the State Department’s warning list. If your travel destination is under a Travel Warning, it will be your responsibility to present your case to UD’s Risk and Security Assessment Committee to request an exception to this policy. Funding will be rescinded for any awardee whose petition is not approved.”

**Undergraduate Research**
Students seeking funding for Undergraduate Research/Senior Thesis related activities should first explore funding options through the Office of Undergraduate Research. See [here](http://urp.udel.edu/content/funding). If the research activity is not covered by the amount funded by the UR Office, students can apply for supplemental funding through an HEA. Please note that the HEA funds are typically matching funds to the amount given from UR.
Independent Trips
Requests for funding independent trips are encouraged, but students must provide documentation of their activities if they are not going through a formal program or organization. For example, if you will be visiting several libraries in different cities, we would require confirmation that you have scheduled appointments at those locations. We cannot provide funding for independent trips that are “plan as you go” or “plan once you get there.”

Service Trips
For any activities organized through a non-profit organization or other similar entity, we need confirmation that the organization is legitimate. The NGO or non-profit should be thoroughly researched and documentation should be provided with the application.

Medical Service Trips
Students applying for medical service trips should confirm that the activities of the trip are consistent with guidelines and practices of the American Medical Association or major governing organization for other fields (dental, veterinary, etc.). Some MedLife trips have raised concerns, so please be sure to research these experiences thoroughly. Priority will be given to trips that use funds in the most cost-effective ways (for example, length of stay in relation to the cost).

Applying with friends for same activity
We cannot guarantee funding for multiple students applying for the same activity. Some students applying for the same program may receive different levels of funding depending on the strength of the applications. Priority would be given to students who have a connection with the activity to their academics. Funding may be less for each individual if multiple students are awarded funding for the same activity.

Application Procedure: please complete the attached application and submit it along with the following items

- An essay, not to exceed two pages, explaining the connection of the enrichment activity to your academic goals and future professional pursuits and why you are a good candidate for this award.
- A detailed description of the program/activity for which you are requesting funding.
- Documentation that verifies the cost of the program (i.e. website printouts, travel agent quotes, mileage estimates for gas costs, etc.). The evaluation committee needs to see how your costs are calculated and where the estimates came from. An expense form is included in the application to help you calculate the amount of your request.
- One letter of recommendation from a UD faculty member who endorses your proposal and how you would use the award. This recommendation factors highly into the selection process. The faculty member should specify in the letter how this activity connects to your academic and/or professional plans. Additional reference letters may be submitted as support. Honors College staff members may write additional letters of support but may not be the primary reference, other than the Honors College Dean, in his capacity as a faculty recommender.
- An unofficial copy of your transcript.

Notes:

- Award money is taxed as income per federal regulations. If you choose to receive your funds in advance rather than be reimbursed, your funds will be taxed as income.
- The program or activity must be completed within six months of the application deadline.
- Award money will only be provided to students. We will not reimburse faculty, departments, or programs if they make purchases on a student’s behalf.
- Receipts must be submitted for all money received.
- Students may receive multiple awards. A maximum of $3,000 may be awarded during your time as an Honors student.
- If this opportunity requires acceptance into a program, our funding is contingent on that acceptance.
- Accepting funding obligates you to complete a brief program evaluation, as well as provide a 1-2 page written report, maximum of 600 words, illustrated with pictures to post on the Honors College website. You also may include a link to your own blog if you wish, but a blog is not required. These materials are due prior to the start of the subsequent application cycle.
